Hi Ed, beautifully written article. Thank you so very much. I attached the article with the only thing I added which I highlighted in yellow.
Thanks again.

CAUTION: This email originated from outside of the Town of Ware organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Folks, enclosed is the draft blog post for the website on the Nicotine-Free Generation proposal. If you could please read it carefully to make sure I have captured everything accurately, I would appreciate it.

Please review and reply (no need for reply all) with your comments as soon as possible. Given the posts that started popping up on Facebook yesterday, I think getting this out quickly would certainly help in providing the community with factual information about what is being proposed and why.

As you know, this was written by ChatGPT based on our conversation yesterday along with the documents you gave me about it. I did some heavy editing to it, but I want to make sure it is accurate and factual.

Thanks!

(BTW, do I have the correct email address for Ken? If not, could you please let me know and also forward this to him?)
