I already did that.

I do not send emails to more than one person at a time. No one should do it, except perhaps for the most generic stuff, like Agendas.

- People "reply all", which is a violation of the Open Meeting Law.
- I fear someone will "reply all" with a question that might make one of our supporters nervous.

I also have my "Notes" updated, which I likely will send out separately.

There is a possibility that Chelsea will approve NFG on Tuesday, before our meeting.

Let's talk tomorrow (Friday).

Can I forward this to the rest of the board members? I think it will be helpful for them to see this prior to the meeting next week.

I have been spending time researching the Nicotine Free Generation proposal.

Attached is my summary of the economic benefits.
