CAUTION: This email originated from outside of the Town of Ware organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Belatedly (but hopefully not too late), I would like to share a letter to the Board from two pediatricians who, today, asked me to submit share support for the proposed regulation. Dr. Winickoff and Dr. Hartman were instrumental in developing the Tobacco 21 policy that began in Massachusetts and is now the national standard. They were unaware of the hearing this evening until I spoke with Dr. Winickoff last night in Chelsea when that board approved the policy. I hope this letter can still be shared as well as the attached FAQ.

Thank-you!

Hello Andrea -

Attached please find my written testimony for the consideration of the Board regarding the proposed amendment to the tobacco ordinance. It also includes a relevant peer-reviewed journal article from October that, I think, is relevant.

I will join the meeting remotely on Wednesday, but I do not expect to ask to speak. If, however, there is a legal question that arises, I am happy to provide any relevant insight I may have to the Board if it wishes.

Thanks!
