The training for retail inspections takes 1.5 hours and the compliance check training takes 1.5 hours. You can register for them on the MHOA website along with a number of other tobacco related trainings. Compliance check training will not be offered until June.

The Massachusetts Health Officers Association (MHOA) Tobacco Control Program is a technical assistance program available to public health departments in Massachusetts cities and towns. The Tobacco Control Program is funded through a grant from the Massachusetts Department of Public Health. Technical assistance provided by MHOA to local boards of health does not constitute legal advice. Contact your city or town counsel when legal questions or requests for legal advice arise.

Hi Laura, Dylan and the board members. Thank you for this copy of the regulations on being a Tabasco agent. They are very comprehensive. I have read it and still want to take the 3 hour training as soon as possible. Can we find out how to set up this training?

If anyone has any questions please let me know. Thanks Rick

Good Morning-Attached is a very informative package regarding the Tobacco Control Program. Rick is interested in the training to become a Tobacco Agent. We also need a few underage buyers. I have cc'd Sarah at the MHOA who can guide us along the way as to what we need to do to get started. Have a wonderful weekend!
