sharing any additional pertinent information from our continued engagement with Massachusetts
regulators.
If you receive any communication from state or local regulators regarding ZYN products, during
an inspection or otherwise, we ask that you contact Jaimison Schellenger of Swedish Match as
soon as possible at (804) 787-5179 or jaimison.schellenger@swedishmatch.com. We also ask that
you share this contact information with such state or local regulators which have any questions
regarding ZYN products.

May 25, 2021
Dear Wholesaler,
In compliance with Massachusetts state law, SX Brands is providing the following list of SX Brands products, which do not meet the definition of flavored tobacco product, as stated in 105 CMR 665.000.

Order Code	Item Description	Units/Case	Unit
601001	Criss-Cross® Pipe Tobacco Large Size Original	12	16 oz

Re: Massachusetts 105 CMR 665 does not apply to Twisted Hemp products
To Whom It May Concern:
This office represents P&L Sales Group, Inc., producers of flavored and unflavored Twisted Hemp non-tobacco and non-nicotine hemp wrap products.
Massachusetts 105 CMR 665.010(D) prohibits the sale of flavored tobacco products and tobacco product flavor enhancers.
105 CMR 665.050 defines a “Tobacco Product” as:
a product containing, made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff, electronic cigarettes, electronic cigars, electronic pipes, electronic nicotine delivery systems or any other similar products that rely on vaporization or aerosolization regardless of nicotine content in the product; provided, however, that ''tobacco product'' shall also include any component, part or accessory of a tobacco product; and provided further, that ''tobacco product'' shall not include a product that has been approved by the United States Food and Drug Administration for the sale of or use as a tobacco cessation product and is marketed and sold exclusively for the approved purpose. [Emphasis added.]
Twisted Hemp products are comprised of hemp fiber and are 100% tobacco and nicotine free.
Accordingly, Twisted Hemp is not a tobacco product.
Pursuant to 105 CMR 665.050, “Tobacco product flavor enhancer” means any product designed, manufactured, produced, marketed or sold to produce a characterizing flavor when added to any tobacco product." [Emphasis added.]
The intention behind this statute is to modernize tobacco control. In June 2020, the flavored tobacco/tobacco enhancer prohibition provisions were added to the statute. Breaking down the "enhancer" definition, it specifically says: "designed, manufactured, produced, marketed or sold to produce a characterizing flavor when added to any tobacco product". This means that the product must be designed, manufactured, produced, marketed, or sold to add to a tobacco

product. The Twisted Hemp product is specifically designed, manufactured, produced, marketed or sold for use with "Legal Herbal Smoking blends" not tobacco or nicotine, and contains neither.

This must be the statutory interpretation. Otherwise, any product that could be used to flavor a tobacco product, like a flavor spray or liquid (vanilla), would be included in the definition of tobacco product flavor enhancer. That is obviously not the intention of this statute and such a reading would lead to the striking of the statute as overly broad and unconstitutional. Rather, the statute prohibits products intended to flavor enhance tobacco or nicotine products. There is no evidence to suggest Twisted Hemp is intended for that purpose. Rather, it is specifically not intended for that purpose and the product's marketing evidence that is not to be used with tobacco, but instead with "Legal Herbal Smoking blends".

Moreover, the revised statute calls out, at section (f): "Marijuana or marijuana products as defined in section 1 of chapter 94G shall not be subject to this section."1 It therefore follows that products intended for use with non-tobacco, legal herbal smoking blends, are not subject to the section either and would not fall under the definition of tobacco product flavor enhancer.

Based on the foregoing, Twisted Hemp products are not tobacco products or tobacco product flavor enhancers as defined by 105 CMR 665.050 and, therefore, the statute does not apply to these products. Please contact me if you have further questions regarding this matter.

Sincerely,

/s/

Patrick D. Goggin

Subject

Update: Regulations Regarding the Sale of Tobacco Products at Retail – Massachusetts Only

To

Select Retailers

From

Altria Group Distribution Company (AGDC) on behalf of Philip Morris USA (PM USA), U.S. Smokeless Tobacco Company (USSTC), John Middleton Co. (JMC) and Helix Innovations LLC (Helix) (collectively Altria Tobacco Operating Companies)

Updates

In response to the recent Guidance issued by the Massachusetts Department of Public Health related to MTCL 105 CMR 655.010 (the “MA Flavor Ban”), we are providing the attached letters from Altria Tobacco Operating Companies (ATOC) certifying that the brands listed on Attachment A of each ATOC’s letter:

- are not flavored tobacco products as defined by the MA Flavor Ban; and
- do not have a characterizing flavor as defined by the MA Flavor Ban.

These letters and their corresponding Attachments supersede the prior Trade Announcement and Attachment A that was provided to Retailers on October 21, 2020.
As a reminder, Retailers must keep the letter at the retail location for inspection upon request by an agent or representative of a municipal board of health or the Massachusetts Department of Health.
A link to the updated MTCL Guidance is available here.

Black & Mild Casino

The JMC letter and Attachment A has been updated to exclude Black & Mild Casino Wood Tip and Plastic Tip cigars from the list of products that meet the requirements of the MA Flavor Ban. While JMC’s position remains that Black & Mild Casino cigars are not “flavored” tobacco products and do not contain a “characterizing flavor” as defined by the MA Flavor Ban, we have removed Black & Mild Casino from Attachment A due to recent enforcement activities at retail regarding Black & Mild Casino cigars.

Additional Details

AGDC will communicate to Retailers any changes or updates to Attachment A of

each Altria
Tobacco Operating Company’s letter, as needed. If you have any questions, please contact
your AGDC Representative.
Thank you for your continued support.

022AGDC-RTA

May 12, 2021
Dear Retailer:
In response to the recent Guidance issued by the Massachusetts Department of Public Health related to MTCL
105 CMR 655.010, Philip Morris USA (“PM USA”) is providing this letter certifying that the brands listed on
Attachment A, as defined by 105 CMR 655.005 (the “MA Flavor Ban”),:
o

are not flavored tobacco products as defined by 105 CMR 655.005; and

o

do not have a characterizing flavor as defined by 105 CMR 655.005.

To the best of my knowledge, this letter, including Attachment A, is true and accurate. PM USA will immediately
provide an updated letter and Attachment A to correct any update or inaccuracy, as necessary.
I am authorized on behalf of PM USA to sign this letter.

RE:

Notice of guidance for the documentation that a tobacco product or electronic nicotine delivery system does not contain a characterizing flavor

Prior to the sale of any tobacco product or electronic nicotine delivery system (ENDS) 1, a retailer must first obtain a letter from the manufacturer certifying the products a retailer sells comply with 105 CMR 655.010. The letter is intended to verify the manufacturer's products do not contain a characterizing flavor. The following is required for the letter:

- The letter must be from the product manufacturer, and must list all of the manufacturer's brands, sub-brands, and brand sizes you offer for sale at your store.

- The letter must certify that each brand, sub-brand, and brand size contained in the letter:
  - o is not a flavored tobacco product as defined by 105 CMR 655.005; and
  - o does not have a characterizing flavor as defined by 105 CMR 655.005.

  Please note that a retailer may not offer for sale any brand, sub-brand, or brand size not so listed in the manufacturer's letter.

-

The letter must be signed by one of the manufacturer’s corporate officers or one of its
managing owners.

•

The person who signs the letter must state:
o the “letter is true and accurate;”
o he/she “is authorized on behalf of the manufacturer to sign the letter;” and

1

Please note that electronic nicotine delivery system as defined by M.G.L. c 270, § 29, includes devices that can be
used to deliver nicotine or another substance. Letters are required for ENDS products regardless of nicotine content,
except a letter is not required for ENDS products regulated by the Massachusetts Cannabis Control Commission.

1

o “the manufacturer will immediately provide an updated letter to correct any inaccuracy.”

- An updated letter is required for any new brands, sub-brands, and brand sizes that a retailer intends to offer for sale.

- A retailer must keep the letter at the retail location for inspection upon request by an agent or representative of a municipal board of health or the Massachusetts Department of Health. Manufacturer’s letters are not required in smoking bars.

This Notice is guidance to assist retailers in compliance with 105 CMR 655.010 (E). This Notice does not provide a complete description of a retailer’s responsibilities under 105 CMR 655 or other laws applicable to the sale of tobacco products.

Fontem US, Inc. Retail Partners in Massachusetts
Fontem US, Sales Team
Fontem US Inc.

UPDATE – this letter contains an update from Fontem US, Inc. regarding the Massachusetts Emergency Rule
expiration and adoption of new EVP regulations.
For more information on the new regulations please visit:
https://www.mass.gov/guides/2019-tobacco-controllaw

This letter will address the following topics for wholesalers stocking Fontem US, Inc. products:
1. Information sharing and ongoing support
2. Nicotine related restrictions
3. Flavor related restrictions
4. Retail Partnership Merchandising Plans (RPP)
5. Products available for purchase and sale in Massachusetts

1. INFORMATION SHARING & ON-GOING SUPPORT
Fontem US, Inc is committed to supporting our retail partners by sharing information and updates related to the
application of the new regulations particularly as they relate to our EVP and category impacts.
Due to the lifting of the complete ban on the sale of EVP product Fontem US, Inc. will reinstate EVP coverage of
retailers in Massachusetts.

2. NICOTINE RELATED RESTRICTIONS
The new regulations stipulate that EVP and E-liquids can only contain a maximum of 35mg of nicotine per each ml
of liquid. A list of Fontem US, Inc. products below this threshold that will continue to be available for purchase and
permissible for sale in Massachusetts can be found in section 5 below.

3. FLAVOR RELATED RESTRICTIONS
The new regulations also prohibit the sale of flavored EVP and E-liquids other than Tobacco flavors. A list of
Fontem US, Inc. products that will continue to be available for purchase and permissible for sale in Massachusetts
can be found in section 5 below.

4. RETAIL PARTNERSHIP MERCHANDISING PLANS (RPP)
As a matter of due course in monitoring retail partnership merchandising plan compliance an ITGB sales
representative will visit retailers that have signed an RPP agreement. All space requirements related to RPP
agreements remain in effect. Changes to the agreed participation level related to RPP can be reviewed and
amended at that time based on mutual agreement between the stocking retailer and the ITGB sales
representative. For questions regarding specific RPP plan SKU requirements please reach out to your ITGB
representative.

5.

RE:

Boston Tobacco Retailer Blunt Wrap and Cigar Definition Guidance
October 22, 2021

Dear Boston Tobacco Retailers:
The Boston Tobacco Prevention and Control Program (BTCP) has received several inquiries about whether products offered for sale by Boston tobacco retailers constitute blunt wraps, which are prohibited for sale in Boston by the Regulations, or cigars, which are allowed to be sold if they comply with flavor and minimum pricing restrictions. The purpose of this letter is to provide guidance to Boston tobacco retailers with the goal of ensuring uniform understanding of the blunt wrap restrictions set forth in Youth Access Regulations (Regulations) at Section III(10).
Multiple manufacturers produce products that have been determined to meet the Regulation's definition of a cigar, as well as other products that do not meet this definition. Further, we have received reports of some confusion among retailers as to whether certain brands of tobacco products are prohibited in Boston.
Determinations about whether a product is a prohibited blunt wrap cannot be made based only on the name of the manufacturer. In the interest of providing clarification, please be advised that several of the manufacturer Fronto King's products are allowable for sale in Boston. The following fronto cigar/fronto leaf cigar products and corresponding Universal Product Codes ("UPC" or "bar code") meet the Regulation's definition of a cigar and are permitted to be sold in Boston as they are currently manufactured:
-

21+ Old Man Natural Cigar Leaf, 100% Tobacco Leaf, One Cigar (UPC 0769894388921)
21+ Natural Cigar Leaf, 100% Tobacco Leaf, One Cigar (UPC 644824478753)
21+ Natural Cigar Leaf, 100% Tobacco Leaf, Two Cigars (UPC 644824478746)
Blaze Boss Fronto, 100% Fresh Natural Tobacco Leaf, One Cigar (UPC 718910955326)
Fronto Black FB, 4 Pack Cigars, Four Cigars (UPC 9781111111113)
Fronto Black FB, Extra Dark Fronto Cigar, One Cigar (UPC 5010029020519)
Fronto King, Wizzla, Hand Rolled, Dark, One Cigar (UPC 761847549359)
Fronto King, Original Dominican Cigar (UPC 761847548833)
Fronto King, Original 100% Dark, Hand Rolled, One Cigar (UPC 016027641768)
Fronto King, Original 100% Dark, Hand Rolled, Two Cigars (UPC 660989379605)
Fronto King, Smooth, One Cigar (UPC 761847548949)
Fronto King, Wizzla, 100% Dark, One Cigar (UPC 761847549113)
Fronto King, Wizzla, 100% Dark, One Cigar (UPC 761847548901)
The Longway, 100% All Natural Premium Cigar, One Cigar (UPC 731946897828)

-

Rock N’ Roll Fronto Cigar, Whole Tobacco Leaf Cigar, One Cigar (UPC 0609613219801)
Supreme Fronto, Natural Tobacco Leaf, One Cigar (UPC 811204012344)
Yardie Wrap Cigar, 100% Natural Tobacco Leaf, One Cigar (UPC 636665909695)

This is not an exhaustive list, and there are several brands that manufacture cigars that comply with the Regulations. Furthermore, these and other products will be evaluated by the BTCP on an ongoing basis to ensure that they continue to meet the Regulation’s definition of a cigar. Please confirm these bar codes as you review your products. If you have a question about whether a new or existing product is allowable for sale as a cigar, please do not hesitate to contact the BTCP.

For your reference, the factors that will be considered in making these determinations about whether something constitutes a prohibited “blunt wrap” are the definitions in the Regulations, as further described in the Guidelines (language from Guidelines in italics) is:

Blunt Wrap – Rolling material that is thick and dark and usually containing made, or derived from tobacco leaves. Blunt wraps come in flavored varieties and are heavily marketed to the youth and often used as drug paraphernalia.

-

The Boston Tobacco Control Program may consider factors beyond the marketing and labeling to make determinations as to whether a product constitutes a blunt wrap, and may consider characteristics including, but not necessarily limited to:

- the visual appearance of the product,
- whether the product is in a readily usable state as a cigar from its packaging without any modification, preparation or assembly, and
- total amount of fill tobacco relative to the rolling material.

In order to be able to provide certainty to manufacturers and retailers, the only additional characteristics to be considered in whether a product is a blunt wrap, are:

-

Whether the fill constitutes cigar fill and not primarily stems or any material other than smokable tobacco, and
The corresponding definitions of the term “cigar” in the Regulations and Guidelines.

Also, in making your decisions about which products to carry, please continue to consider the other requirements of the Regulations. As you know, products that are determined to be cigars for the purposes of the Regulations must still comply with the flavoring and minimum pricing restrictions established by the Regulations.

I hope that this information is helpful. Thank you as always for your efforts to prevent youth access to tobacco in Boston. Our office is available to assist retailers in interpretation of the language of the Regulations and Guidelines as needed. Please do not hesitate to reach out with any questions.

Thank you,

Nikysha Harding, Director
Boston Tobacco Prevention and Control Program

June 10, 2021

Dear Sir or Madam:

As you are aware, Massachusetts passed a law which impacted various aspects of the sale of tobacco products. Effective June 1, 2020, the law prohibits the sale of any flavored tobacco product (generally a tobacco product with a characterizing flavor other than tobacco) in any retail establishment, online or through any other means to any consumer in the Commonwealth.1 The marketing or advertising of such a sale is also prohibited.

This letter is to certify that all products sold by Altadis U.S.A. LLC (AUSA) will be compliant with Massachusetts law and remain legal to sell by all of our wholesale and retail customers in Massachusetts after June 1, 2020.

Please keep a copy of this letter for your records and feel free to share it with your customers as needed. If you would like to obtain a copy of AUSA's current price list please contact your AUSA sales representative.

The undersigned further certifies she is duly authorized to make this certification on behalf of AUSA.

Very truly yours,

Rhondetta Walton
VP Regulatory Compliance
Altadis U.S.A. LLC

1 270 MASS. GEN LAWS § 28 (2019), available at https://www.mass.gov/info-details/mass-general-laws-c270-ss-28. Note, an exception has been made for the sale or distribution of flavored tobacco products in a "smoking bar," which is not applicable here.

Updated 07.18.2022

June 15, 2020

Dear valued Massachusetts retailers,

Massachusetts's "Act Modernizing Tobacco Control" ("Act") became effective December 11, 2019 and imposes certain restrictions on the sale of electronic nicotine delivery systems. The table below is meant to inform you of the nicotine content contained in each JUUL product, and to illustrate the Act's impact on availability of JUUL products within classes of retail establishments:

	Licensed Nonage-restricted retail establishments e.g., Food/Mass, Convenience, Liquor stores	Licensed "Retail Tobacco Stores"	Licensed "Smoking Bars"
JUULpods			
Menthol Flavor Any strength	þ		
Virginia Tobacco/Classic Tobacco 5.0% nicotine strengths (59mg/ml)	þ (for on-site consumption)		
Virginia Tobacco/Classic Tobacco 3.0% nicotine strengths (35mg/ml)	þ		
Chargers & Devices			
JUUL Device Kits (Slate / Silver)	þ		
JUUL Chargers	þ		

This letter is also to certify that those products indicated above as available in both licensed non-age-restricted retail establishments and licensed retail tobacco stores lack any "characterizing flavor" and do not meet the definition of either a "flavored tobacco product" or a "tobacco product flavor enhancer" as defined by the Act.

Please retain this letter for your records. Per 105 CMR 665.010(C) & (E), you

should maintain a copy of this record
at all times as you may be requested to produce it by an authorized enforcement agent, including Boards of Health or
their agents and the Department of Health or their agents.
Please note that this information does not, and is not intended to, constitute legal advice. We are providing this
information to you and other partners serving the Commonwealth for general informational purposes only. Please also
note that the regulatory landscape in the vapor industry is fluid and changes to these regulations could come at any
time. You should contact your attorney to obtain legal advice and should not act or refrain from acting on the basis of
this information without first seeking legal advice from counsel.
We hope this information is helpful and appreciate your continued commitment to the responsible sale of JUUL
products.
Sincerely,
JUUL Labs, Inc.

Re:

Tobacco Products Allowed to be Sold in Massachusetts at Retail

Dear Valued Customer:

on behalf of Liggett Group LLC and Vector Tobacco Inc., enclosed is a list of cigarette brands
and brand styles that are legal for sale at retail in the Commonwealth of Massachusetts. These
products do not meet the definition of a flavored tobacco product and lack a characterizing
flavor.
On June 1 2020, a Massachusetts Department of Public Health regulation took effect which
required tobacco product manufacturers to certify that any tobacco products it distributes for
retail sale in the Commonwealth of Massachusetts do not meet the definition of a flavored
tobacco product and that the product lacks any characterizing flavor.
’

The owner, retailer, or other person in charge of the retail establishment must maintain a record
of this certification documentation and provide it upon request of any authorized enforcement
agent, including Boards of Health or their agents and the Department or its agents.
Ifyou have any questions, please speak to your Liggett Vector Brands sales representative or call
1-877-415-4100.
Sincerely,
\J,:t:vLt(

Subject
Massachusetts Vapor Restrictions

To our valued customers:
As you may know, the Commissioner of the Massachusetts Department of Public Health
(DPH) issued an emergency order to temporarily prohibit the sale of all vaping products in
retail establishments and online within Massachusetts in September that was in effect until
December 11, 2019.
Due to recent passing of Massachusetts An Act Modernizing Tobacco Control, new laws
restricting the sale of vapor products have now come into effect since the temporary ban was
lifted.
Those vaping restrictions include:
•
•
•

At traditional retail, immediately bans the sale of flavored vapor products, including
menthol, and vapor products that contain over 35 mg/ml nicotine content
Permits the sale of flavored nicotine vaping products only at licensed smoking bars,
where they may only be consumed on-site
Restricts the sale of vaping products with a nicotine content over 35 mg/ml to licensed, adult-only retail tobacco stores and smoking bars

It is important to note that our Logic Pro and Logic Power rechargeable tobacco products are below the 35 mg/ml nicotine content threshold, allowing for traditional
retail sale:
•
•
•

Logic Pro Tobacco: 20 mg/ml
Logic Pro Toasted Tobacco: 18 mg/ml
Logic Power Tobacco: 27 mg/ml

Logic Power Tobacco Disposables are 39 mg/ml and therefore can only be sold at adult-only
retail tobacco stores and smoking bars.
Please contact your JTI USA representative should you have any further questions. Thank
you for your cooperation. We appreciate your continued support of our products.

July 21, 2021
RE: 105 Code Mass. Regs §§ 665.010(C) and 665.010(E)
To Whom It May Concern:
On December 11, 2019, Massachusetts enacted a new Tobacco Control Law restricting the sale of both flavored tobacco products and flavored vaping products. The new law places the following restrictions effective immediately:
1. Retail stores licensed to sell tobacco products, such as convenience stores, gas stations, and other retail outlets, are restricted to the sale of non-flavored nicotine products with a nicotine content of 35 milligrams per milliliter or less.
2. The sale of non-flavored nicotine vaping products with a nicotine content over 35 milligrams per milliliter is restricted to licensed, adult-only retail tobacco stores and smoking bars.
3. The sale and consumption of all flavored nicotine vaping products may only occur within licensed smoking bars.
Beginning June 1, 2020, the following restrictions will take place:
1. Retail stores licensed to sell tobacco products, such as convenience stores, gas stations, and other retail outlets, will be restricted to the sale of non-flavored combustible cigarettes and nonflavored OTP.
2. The sale of flavored combustible cigarettes and flavored OTP, including menthol cigarettes and flavored chewing tobacco, will be restricted to licensed smoking bars where they may be sold only for on-site consumption.
The Massachusetts Department of Public Health promulgated 105 Code Mass. Regs 665.000 et. al. under the new Tobacco Control Law. Pursuant to 105 Code Mass. Regs §§ 665.010(C) and 665.010(E), National Tobacco Company (“NTC”) is providing the required certifications under those sections of the regulation as the agent of the manufacture for the products attached to this cover letter.
Pursuant to 105 Code Mass. Regs § 665.010(C) NTC certifies the items attached to this cover contain 35 milligrams per milliliter OR less of nicotine.

Pursuant to 105 Code Mass. Regs § 665.010(E) NTC certifies the items attached to this cover do not meet
the definition of a flavored tobacco product or tobacco product flavor enhancer, and that these
products lack any characterizing flavor.
If you have any questions please contact our Compliance Counsel Shane Benson at (502)655-4611 or at
sbenson@tpbi.com.
Sincerely,
Frank Vignone,
Vice-President of Sales

RE:

State of Massachusetts Action on Flavored Tobacco and Vapor Products

Dear Valued Customer:
On September 24, 2019, at the direction of Governor Baker the Commonwealth of Massachusetts Commissioner of Public Health adopted a prohibition on all vaping products, whether nicotine containing or not, including devices and accessories sold separately from e-liquids. As a result, National Tobacco (NTC) ceased sales of certain products to customers in the state.
That ban was set to expire on December 24, 2019; however, in the interim Governor Baker announced that his administration would move to end the ban early in light of the passage of House Bill 4196, which the Governor signed into law on November 27, 2019. As outlined further below, the legislation impacts flavored tobacco and vapor products, vapor products with a nicotine content of greater than 35 mg/ml, and taxation of vapor products. The law took effect immediately for flavored vaping products but takes effect for flavored tobacco products on June 1, 2020.
On December 11, 2019, the Public Health Council rescinded the emergency regulation concerning the original vaping ban and approved a new emergency regulation related to the new law, Minimum Standards for Retail Sale of Tobacco and Electronic Nicotine Delivery Systems. Among other effects, the law and resulting emergency regulations impact the market in the following ways:

-
-
-

Restrict the sale and consumption of flavored tobacco and vaping products to licensed smoking bars, such as cigar bars and hookah lounges. Products must be consumed on the premises of the smoking bar. Note that this ban includes mint and menthol flavors.
Impose a 75% excise tax on nicotine vaping products.
Restrict the sale of vaping products containing more than 35 milligrams per milliliter to smoking bars and retail tobacco stores that restrict entry for people under the age of 21.

•

•

Restrict the sale of “tobacco product flavor enhancers” to smoking bars, where they can only be sold for consumption on the premises of the business. These products are defined as those products designed, manufactured, produced, marketed, or sold to produce a characterizing flavor when added to any tobacco product.
Neither the new law nor the new regulation provide guidance relevant to CBD products; however, the emergency regulation restricting the sale of those products has been formally rescinded as of December 11, 2019.

Our interpretation of the law may vary, and NTC encourages you to consult your own
legal counsel with making decisions on which products to carry in your local area. The
following chart summarizes NTC’s interpretation of the product limitations in Massachusetts:

We want to assure you that National Tobacco stands behind its 100% product guarantee. If you have any questions, please contact your Sales Representative or the
National Tobacco Company Customer Service department at 1-800-331-5962 or customerservice@nationaltobacco.com. Thank you for your continued support in the marketing of our quality brands.
Thank you for your continued business.
Sincerely,
Frank Vignone
Vice President Sales

Confirmation That Republic Tobacco Products Comply With Massachusetts Flavor Ban Laws

Republic Tobacco, LP (“Republic”) is the master distributor in the United States for the tobacco products
set forth on the attached Exhibit 1 (“Republic Products”).

Republic affirms and certifies that, in compliance with the State of Massachusetts Department of Public
Health Regulations set forth under 105 CMR 665.000, the Republic Products (i) do not meet the definition
of a “flavored tobacco product” or “tobacco product flavor enhancer”, and (ii) do not produce and lack any
“characterizing flavor,” as such terms are defined and used under the Regulations.

SFNTC Products
Based on SFNTC's reasonable interpretation of Massachusetts' 2019 Tobacco Control Law and corresponding
regulations, SFNTC certifies that each of the tobacco products identified in the embedded spreadsheet and reproduced
below do not meet the definition of a "Flavored Tobacco Product" or "Tobacco Product Flavor Enhancer" under
Massachusetts law and that each product lacks a "Characterizing Flavor" as defined by Massachusetts law.

Listing assumes all product variants (e.g., limited-time packaging)

RE: Massachusetts Unflavored Tobacco Product Certification

To Whom it May Concern:

Pursuant to 105 CMR 665.010(E), Rocky Patel Premium Cigar Company, Inc certifies that the tobacco
products on the attached list do not meet the definition of a flavored tobacco product or tobacco
product flavor enhancer and that the products lack any characterizing flavor.

Sincerely yours,

David Bullock
VP of Sales
Rocky Patel Premium Cigar Company, Inc
