

Kay Petersen's texts for NFG FOIA request:

Dover got a nice shoutout during the NFG presentation. A lot of praise.

Did you receive the flyer in your mail that was anti NFG?

Yes. I was going to send photos to you. Have you seen it?

Yes I have. I think it went to every house in town. I would like to include a picture of it with our comments.

Why include it?

I don't know. Why not? I'm sure they sent one to the town house and it ended up wherever.

Seems ok to me except that it wasn't submitted to the Board as a comment. But we could include it in our meeting file as other material.

We should be sure that the chat is disabled during the hearing/meeting
