## PROPOSED CHANGE TO TOBACCO SALES REGULATIONS

### CHAPTER 220 SMOKING: SALE OF TOBACCO AND NICOTINE DELIVERY PRODUCTS

The Dover Board of Health proposes to adopt The Nicotine-Free Generation policy, which would become effective January 1, 2026, prohibiting the sale of tobacco or e-cigarette products to individuals born on or after January 1, 2005. The adopted policy language is as follows: Prohibition of Sales – No person, firm, corporation, establishment, or agency shall sell tobacco or e-cigarette products to anyone born on or after 1/1/2005.”

The purpose of this amendment is to protect the health of Dover residents by reducing youth access to tobacco and nicotine products and preventing addiction in future generations.
