Hi Anna and Michael,

It was a pleasure to e-meet you. I've attached a few follow-up items that we discussed:

- * A scope of work for a climate action plan from Acton
- * A more recent scope of work for a net zero action plan from Reading
- * The updated GHG inventory tool with a 2022 baseline. It should still function the same as the version on our site now (for purposes of the [how-to resources](#)) but let us know if anything is not lining up properly.

Best,

Jeremy
