Join the NACCHO360 Welcome Luncheon to Your Registration

Public health professionals are gathering from across the country for the **NACCHO360 Conference**, held July 10-12, 2023, in Washington, DC. This is a great opportunity to share opportunities, challenges, best practices, and success stories; engage with federal, state, and local public health leaders; and gain insights from public health experts.

Join the NACCHO360 Welcome Luncheon — Reunite with your colleagues from across the country for NACCHO leadership about a new national initiative for public health, Behavioral Health 360. The Luncheon is free for all registered attendees, and will be held on Tuesday, July 11 at 12:00 PM. For this Luncheon, NACCHO is sponsoring a special meal, Meatless Monday, a global movement that encourages people to reduce meat in their diet for their health and the environment. Space is limited to the first 1,000 guests.

If you are planning on attending the conference and have not secured a hotel reservation, please contact [NACCHO360Reg@naccho.org](#) for more information.

Local Expertise is Requested for a NACCHO360 Focus Group

Local expertise and participation are requested for a special focus group, "A Place at the Table: Working Across Sectors and Communities to Build Climate-Resilient Communities," to be held at the 2023 **NACCHO360 Conference** on Tuesday, July 11 from 4:00-5:00 PM. **NACCHO360** invites you to join your fellow public health professionals to explore the critical role local health departments play in addressing communities from the health impacts of climate change despite being limited in their authority and resources to implement effective interventions. Light snacks will be provided.

Complete the [RSVP Form](#) so we may confirm your participation and send you the location of the focus group. Space for this focus group is limited to no more than 30 individuals.

For more information about this focus group, please email NACCHO360Reg@naccho.org.

Local Health and Partner Funding Opportunities

NACCHO serves over 3,000 local health departments and is the leader in providing cutting-edge, skill-building, professional development programs, seeking health equity, and supporting effective local public health practice and systems. We are pleased to offer funding opportunities for local health departments to secure funding for various programmatic areas. Below, please find links to our latest funding opportunities.

A **NACCHO account** is required (free) in order to apply to these opportunities. If you have any questions or would like to learn more about our funding opportunities, please email membership@naccho.org. The latest funding opportunities can be found on the [NACCHO website](#).

online.

Funding Opportunity

In support of the CDC, NACCHO is pleased to offer a [funding opportunity](#) for local and tribal health departments to identify and address inequities in influenza and COVID-19 vaccination coverage among racial and ethnic minorities. For this funding opportunity, NACCHO will award LHDs in the amount of \$75,000 or \$150,000 based on the scope of work. For details and instructions, please review the [Request for Applications \(RFA\)](#). **Applications must be submitted by Friday, June 30, 2023.** Questions can be directed to NACCHO's Immunization Program at immunization@naccho.org.

Applications for New Leadership Enhancement Opportunity Now Open

Applications are now available for the 2023-24 cohort of Public Health Regenerative Leadership Synergy (PHEARLESS), a new leadership enhancement opportunity based on the principles of regenerative leadership. PHEARLESS will support up to 150 local health departments, each with two community leaders and two public health leaders in the same community, in developing the mindset and systems power structures and processes to facilitate the design of equitable, health-promoting communities. The 12-month program will work through four modules and a capstone activity, including both live virtual sessions and an on-site visit. **The deadline to apply is July 6.** [Learn more and apply here.](#)

Center for Forecasting and Outbreak Analytics

The Center for Forecasting and Outbreak Analytics has announced a new [Notice of Funding Opportunity \(NOFO\)](#) for a disease response network for disease forecasting to support decision makers during public health emergencies. This network will improve our national ability to control epidemics and pandemics by developing a network of innovators to design, prototype, and validate disease forecasting and data modeling tools and technologies that can be used to support decision makers during public health emergencies. **Applications due by July 14.** [Learn more.](#)

Maternity Care Nursing Workforce Expansion (MatCare) Program

The Health Resources and Services Administration (HRSA) released a new Notice of Funding Opportunity (NOFO) to grow the maternal and perinatal health nursing workforce through education and training support. The [Maternity Nursing Workforce Expansion \(MatCare\) Program](#) will increase the number of certified nurse midwives and diversify the maternal and perinatal health workforce, expand maternal health training and curriculum, and strengthen community-based partnerships. HRSA will award up to 8 grantees over a period of four years through this funding opportunity. **Applications due by July 14.** [Learn more.](#)

NACCHO is Recruiting for its RIM Advisory Board

NACCHO's Refugee, Immigrant, and Migrant (RIM) Program is actively recruiting new members for its External Advisory Board. The Immigrant, and Migrant communities' Advisory Board works to guide the work of NACCHO's RIM portfolio to ensure that RIM programs are appropriately targeted towards the current needs of local health departments and community-based organizations. Advisory Board Members will participate in peer sharing and discussion of current issues affecting RIM populations and help us in capturing local input on issues affecting RIM populations across the country. The Advisory Board will meet and onboarding new members on an ongoing basis. Please contact RIM@naccho.org if interested, have questions, or for more information.

NACCHO and TFAH Release New Resource to Advance Healthy Aging Through Community Health Improvement Efforts

NACCHO, in partnership with the Trust for America's Health and with funding from The John A. Hartford Foundation, has developed a new resource to guide health departments and their partners to understand and address healthy aging priorities through community health improvement and analysis.

With NACCHO's [Mobilizing for Action through Planning and Partnerships](#) (MAPP) framework and [TFAH's Age-Friendly Health Systems](#) (AFPHS) recognition program, the Indicators of Healthy Aging: A Guide to Explore Healthy Aging through Community Health Improvement support community health improvement efforts across sectors. Learn more and download the resource [here](#).

Global to Local Toolkit: Adapting Global Interventions for Local Public Health

NACCHO collaborated with the [Robert Wood Johnson Foundation](#) to develop [The Global to Local Toolkit: Adapting Global Interventions for Local Public Health](#), which highlights benefits of global solutions as well as steps, tools, and guidance for local public health organizations on how to adapt and adopt global health approaches to the needs of U.S. communities. The toolkit also includes a case study on Calvert County (Maryland) Health Department's experience in adapting WHO resources.

mental health and substance use disorder responses in the wake of the COVID-19 public health crisis.

ally, NACCHO developed two companion tools. The [Are You Prepared to Go Global-to-Local? checklist](#) walks local public health organizations through an assessment of whether or not they are prepared to implement a global-to-local effort. The [Global-to-Local Partner Identification Tool](#) helps LHDs and other local public health organizations identify potential partners to implement a global-to-local effort.

Upcoming Webinars for NACCHO Members

Webinar Spotlight:

Next for the COVID-19 Response

Friday, June 27 | 12:00 PM ET

At the end of the COVID-19 public health emergency, the recent strain selection for the next updated COVID-19 vaccine, the transition from government supply to traditional coverage for COVID-19 vaccines, consumers, health care providers and others have a number of questions. To help provide clarity, the COVID-19 Vaccine Education and Equity Project and NACCHO will host a webinar with CDC, FDA and HHS experts to discuss the latest guidance on who should receive an additional vaccine, dosing, and coadministration, in addition to COVID-19 vaccine coverage, access and availability. Limited Time Offer: Order A Copy of NACCHO's New Older Adult Fall Prevention Print Guide

NACCHO is pleased to announce the publication of a new guide, *Developing the Capacity to Support Clinical Older Adult Fall Prevention*. This guide was developed with funding from the CDC for local health departments seeking to create community-based programs for older adults who are at risk for falls.

For a limited time, local health departments can order a printed copy of the guide and corresponding workbook to be sent to their address. [Click here to complete the form.](#)

If you have any questions about the guide, please contact the NACCHO Overdose, Injury & Violence Prevention Team at [naccho.org](#).

More Opportunities

is pleased to share new career opportunities for public health professionals. Please visit the [NACCHO Career Center](#) where employers can browse hundreds of vacant positions and employers can advertise and recruit new talent.

also offers [Fellowship Programs](#) for students to gain entry-level experience in public health and [Mentorship Programs](#) to provide the chance to learn and share resources with other local health departments.

NACCHO is Hiring a Media and Public Relations Lead!

NACCHO is part of a dynamic team whose work enriches the health of communities by strengthening city and county health departments. The Media and Public Relations Lead is a member of NACCHO's Marketing and Communications team and is responsible for developing and implementing marketing, public relations, and related social media for NACCHO. The Lead works to implement NACCHO's strategic communications plan. Also, the Lead develops media and press strategies and implements them via press releases and stories, social media, NACCHO podcasts, and the NACCHO website. The Lead will work with NACCHO experts across the country and local health department leaders. [Learn more and apply here.](#)

Call for Proposals to Develop Communications Products for Overdose and Adverse Childhood Experiences (ACES) Prevention Programs

NACCHO, the National Association of County and City Health Officials (NACCHO), with support from the Centers for Disease Control and Prevention (CDC), is seeking a consultant to develop a suite of communications materials highlighting the Implementing Community Strategies at the Local Level (IOPSLL) program, the Comprehensive Community Approaches to Preventing Substance Use (CCAP) program, and their awardees. The consultant will develop communications products that highlight overall project goals, the program models and their key strategy areas, and highlight project outcomes of awardees. Full details of the solicitation requirements can be found in the [Request for Proposals](#). **The deadline for submission is Wednesday, November 14, 2018.** Applicants may pose individual questions to NACCHO at any point during the application process by emailing the Prevention Team at IVP@naccho.org.
