Subject Re: Endgame Tobacco Regulations

It might be good to put together a short summary sheet of all your findings, just so it's in an easier format for the Board to review. I invited our two license holders to the next meeting also if they are interested in commenting on the matter.

Gael,

I heard Dover was considering some actions on the Nicotine Free Generation (NFG) policy. We can provide information implementation if you have any questions.

I believe Jason Belmonte and Kay Petersen are already in touch with Anthony Ishak, who lead the charge here in Brookline to pass the policy. There is a great group of activities and technical experts providing assistance to municipalities looking to adopt or review NFG. Anthony is on that team.

Let me know if you want to set up a call, with your department and ours to hear about implementation process. If you want to learn about the regulations and strategies to present at the Board of Health meeting, I would continue with Anthony and his team.

Happy to help in anyway,

Sigalle Reiss, MPH, RS/REHS, Director
Brookline Public Health & Human Services

Hi Gael,
Sigalle Reiss, Director of Public Health, and Reilly Ellis, Regional Tobacco Collaborative Coordinator would be really good resources for this. I have cc'ed them to this email. Good luck!

Hello,

I am a new public health nurse for the communities of Dover and Sherborn and have been asked to speak with a town that have passed the Endgame tobacco regulation.

This is to provide information to the Dover BOH.

Thank you for your time.

Best,

Gael
