Subject Re: Question

You're welcome. How is everything else so far?

I filed some of the paperwork/files in the bin before I left yesterday. You can finish those if you have time later on, but not a huge priority at all if you are busy. I also went through Linda's bin to make sure there's nothing we were missing. If you get any invoices or applications/checks, those go just go directly to my bin for the foreseeable future. Should be getting a check today actually for that temporary food so be sure to check the mail at some point. Thank you.

At the 10/6 meeting we will schedule a date for the hearing so we don't know the actual date of it at this point. I'd recommend they tune in on 10/6 to find out.

Hi Jason,

Nothing urgent, but I just received a question asking when the nicotine free generation hearing is for Dover. Were you planning on allocating time for this at the meeting on the 6th? I can also hold off on responding until we discuss the agenda if you'd prefer that.

Thanks,
