Attachments FINAL-11-19-25-Proposed-NFG-draft-changes-with-edits-from-Town-Counsel.docx.pdf; New-Tobacco-Sign-with-Highlighting-12-31-25.png

Hello and Happy New Year,

This message is a reminder that the Town of Dover's new tobacco regulation is now in effect.

To help consolidate all required tobacco signage, we have created a single notice for retailers to post. Please print the attached notice in color on 8.5" x 11" paper and post it in a location clearly visible at the point of sale.

This notice is intended to replace the following required signs:

- *

No flavored tobacco
- *

E-cigarette warning
- *

Massachusetts General Law (M.G.L.) tobacco sign
- *

Smoking cessation resources
- *

Legal age of sale

Once the consolidated notice is posted, the individual signs listed above may be removed.

After posting the notice, please email us a photo of the sign in place so we can confirm compliance.

For your reference, we have also included a copy of the specific regulatory changes adopted by the Town of Dover.

Thank you for your cooperation. Please let us know if you have any questions or experience any difficulty opening the attachment. We would also appreciate confirmation that you have received and understand this message.

Jason Belmonte, R.S, CHO, CP-FS
Health Director
