Gentlemen,

I hope you are both doing well. I wanted to make you aware that the Dover Board of Health will be holding a public hearing on **Monday, November 3, 2025, at 7:00 PM via Zoom** to consider proposed amendments to the Town's tobacco regulations.

These proposed changes include adoption of the **Nicotine-Free Generation policy**, which would prohibit the sale of tobacco and e-cigarette products to anyone born on or after January 1, 2005. The changes could have future implications for your business operations, so I strongly encourage you to attend the hearing to hear the discussion and share any feedback or concerns with the Board.

Attached for your review are:

1. 1.

The **Public Hearing Notice**; and

2. 2.

The **Proposed Draft Changes** to the regulation.

Please let me know if you have any questions prior to the hearing.
