Subject Department Policy & Operations Manual

Attachments Dover-FD-Policy-Operations-Manual-DRAFT-11-21-24.pdf

Hi All,

I attached a draft copy of proposed updates/changes to the Department Policy and Operations Manual (new name...old SOG's). This document covers all fire and EMT personnel.

Please review the document and forward any suggestions for improvement or clarification. The current updates/changes from the current document are noted in color on the attached .pdf.

I anticipate the Board of Fire Engineers will be looking to adopt these sometime early next calendar year.

Thanks in advance for your review and input.
