Upcoming In-Person Workshop: Very Small Systems, Distribution 1, & Treatment 1 Certification Exam Preparatory Course: A 3-Day Course

January 23, 24, & 25, 2023 • 7:45 AM - 3:00 PM EST (includes breaks)

Worcester Water Treatment Plant • 71 Stonehouse Hill Road, Holden, MA 01520

Attend The Small Systems Technical Assistance Program at UMass Amherst's FREE 3-day preparatory course to learn what you need to know to become a Certified Drinking Water Operator in Massachusetts!

This is a three-day class and students are required to attend all classes to receive full credit (18 TCHs) for completing the course.

A **Certified Operator** is a person who provides onsite management, operations or maintenance services to public water systems. They must ensure that the system meets all the requirements of the Massachusetts Drinking Water Regulations. Operators can earn licenses from very small systems (VSS) to Grade 4, providing a **stable career ladder** for people seeking a profession with a wide range of responsibilities related to the delivery of **safe drinking water**.

What topics will be covered at the workshop?

- * Water quality sampling
- * Wells and their source protection
- * Water pipes
- * Storage tanks
- * Massachusetts drinking water regulations
- * Applied mathematics
- * Hydrants
- * Valves
- * Water meters
- * Water treatment processes report writing

This class will prepare you to pass the VSS, D1, and T1 exams. You will also earn 18 TCH credits, which can be used to **renew your license**.
