Dear Working Group members,

As I promised in my email from a few weeks ago (see below), we have finalized the Project Overview and Implementation Plan (see attached PDF). I hope this document will be beneficial to the group as you move forward with your regional planning.

It would also be great if each community could provide an update to Diana on the status of the MOU. She can then compile and send out a wider update to the group.

Once again, I wanted to thank you all for the opportunity to work with you on this project. It's been a great process, and I've really enjoyed getting to know you all (and the region) a bit better.

Warmly,

Regan
