I could talk this evening between 7-8:30 or tomorrow pretty much any time.
How about you text me when it's looking good for you and I'll let you know
whether it's good for me?

Hi Kay,

Thanks for this. I would definitely be interested in speaking about this.
When is a good time for us to talk?

Ted,

The BOH has scheduled a hearing on Nov 3 to discuss the nicotine-free generation regulation that we're proposing to add to our tobacco/nicotine regs. We'll follow that with a vote the same evening. Let me know if you'd like to talk about the proposed reg or the hearing.

Best,

Kay
