Everything looks great!

Now that I have you here: So because we had to scramble so quickly to get PDF files up and available given the premature *Hometown Weekly* report announcement, the files were posted before our print proofs arrived from the printer for a final approval.

We reviewed the proofs and had to make a few corrections--nothing of any serious import, so not to worry! But we did have Pat upload corrected files to King Printing, as well as prepare three replacement PDFs for you guys: One "all pages" complete report PDF and two section replacements: the Town Government Reports and the School Reports sections. I'm attaching them here. Sorry that Chris has to repeat work. Please apologize to him for me.

Now, you guys don't have to do this right away because the errors are not egregious (a missing photo, an alphabetization error, and a misaligned column), but it would be good to replace them at some point.

Thank you for EVERYTHING!
