Subject Updated SOG's
Attachments Dover-FD-SOG-Changes-November-2024.docx

Hi All,

I attached an updated copy of the SOG's. The changes are from the company the Town hired to review them and the ones I added. They should show up as different colors. I changed Section 3.3 to the Code of Ethics and I also added two SOG's at the end that we added Section 27 and Section 28 (lithium battery and electric vehicles).

Also, let me know if you think I should send a copy out to the members for comment/feedback??

Thanks.

Jim
