OK great. I attached the documents for the application. Take a look at them and fill out what you can in the application and send it back to me. I will review them and we can get your signature and I can send them in.

Hi Chief,
I took a look at my schedule, I could do full-time Academy starting after Thanksgiving to the latest I could start would be the first week of February 2026. So any start dates within that window would work with me.
Thanks,
