This reading list is for the Massachusetts Firefighting Academy's Hazmat Operational Level Responder (OLR) training students. This list applies to students in the Career Recruit and Call/Volunteer Recruit programs as well as students enrolled directly in the course. This reading list prepares students for the current Hazmat Operational Level Responder written certification exam. Students are expected to have read the entire text; however, the focus should be on the assigned reading.

This reading list and guidance supersedes any previously issued lists.
