

Massachusetts Firefighting Academy Recruit Training Program

Recruit OEMS Certificate Information

Upon your completion of the Recruit Training Program (Career or Call/Volunteer), you have access to a certificate that features your name, training program name, total hours, OEMS hours, and OEMS approval number. This certificate can be found in your training history. If you are an EMT (any level), you may need to enter the course information into the appropriate site related to your continuing education management. Additionally, you may need to provide a copy of this certificate to your department, and it is recommended that you retain a copy for your records.

Accessing the certificate

1. Log in to the MFA's Learning Management System (LMS)
2. Navigate to your Training History
3. Select your recruit class by clicking on the class name (the name is a hyperlink)
4. On the lower portion of the next screen, you will see a hyperlink to 'Training Certificates'. Click that link
5. A PDF document, similar to that shown below, will be available to download or print
