Easthampton is considering a policy called Nicotine Free Generation (NFG).

We need your voice to stop these NFG regulations!

This policy should be rejected for the following reasons:

When a person is 21 years of age, that person is an adult and should be able to use legal adult products.

It applies different laws to two groups of adults treating them differently from one another for the purchase and use of the same products despite both being 21 years of age or older.

It does nothing to address youth use of nicotine products since the policy targets adults upon reaching the age of 21.

It is blatantly hypocritical to allow an adult to purchase and use cannabis, alcohol, or gamble on sports but prohibit that same adult from purchasing and using a nicotine product.

This policy goes way too far.

Say NO to NFG regulations in Easthampton.

Hi James and Ssndra,

Thanks for the email. Do you want it forwarded to the Board of Health?

If you want to leave your phone number, I would be glad to reach out, talk more about the proposed regulations, and hear your concerns.

Please let me know

Ryan Griffin

Director of Public Health, Easthampton
