Ryan and Irza,

At the last board of health meeting, Steven inquired about having a student from We The People give some remarks about Nicotine Free Generation. During my collaboration with Ms. Brown at the high school today, she mentioned a student could present for 5-10 minutes at our next meeting on June 10th.

I've asked them to research Brookline v. Six Brothers, Inc., a brief overview of public health preemption policy in Massachusetts, and their perspective as a youth in Easthampton. As a thank you for that student's work, we're arranging extra credit toward their total grade.

I'll track their progress and preparations for the meeting on my end. Just wanted to let you know we've got a green light for the board.

Thank you,
-Brad
