You responded to our recent survey as "Highly Interested" to the question, "How interested would your board be in more information about an initiative to limit the sale of nicotine products to those born after a certain date (nicotine free generation, NFG)?"

We would be happy to meet with your board at their convenience. One possible time frame would be to include NFG on your agenda over the summer, with a possible vote in the fall.

My own town implemented NFG six months ago. I have heard of no complaints from either the public nor the merchants during that time.

Thank you!

-- Ken Elstein, Member, Belchertown Board of Health
