Good morning,

Last night our Board voted to adopt the NFG regulation and restrict the sale of oral products to adult only establishments. We had over 30 physicians, public health officials and substance abuse counselors speak on behalf of the regulation and provide us support through the process. We have an attorney offering pro-bono legal support (they defended Brookline). Members from this group reside in each of your communities and are more than willing to assist. I'm happy to direct all of them to you if you would like. Let me know what you and your Boards think.
