Subject RE: NFG

Sounds good. I think if the BOH passes the regs with the changing in fining, then the Board can take their time with any other policy changes. It will also give me some time to gather information from other communities.

Thanks,

Amy Donovan-Palmer, MPH RS (she/her/hers)

Morning, let's push it to April. Based on how Addie's basketball team does I may have a March conflict with a playoff game in so rather than not be there why don't we do April.

Hello Kasia,

When would you like Maureen Buzby from Nicotine Free Generation come to talk to the Board? She's available both in March and in April.

Amy
