Subject March BOH agenda

Good morning, Kasia,

For the March BOH agenda, the Board will vote on the new fining structure. I haven't heard any feedback from retailers after I sent out an email about the change.

I have asked the Nicotine Free Generation team to come in April. Would you like to include a discussion on nicotine pouches for March or do you want to tackle both of it in April? My opinion is to do pouches in March and then NFG in April. It might get overwhelming to do both at the same time and try to keep them separate.

I've sent emails to a list of towns who have implemented nicotine pouch restrictions to see why they decided to restrict the sales. There are about 6 towns and they are all central and western MA. I do think Tim McDonald said that Needham did but Needham wasn't on Cheryl Sbarra's list. I still emailed him.

Is there any other information you'd like me to gather about nicotine pouches? Do you want me to ask Sarah McColgan if she can come to the meeting? We'd have to do a Go To Meeting because she would need to be remote but it would give the board some good information about what a pouch actually is.

Let me know what you think.

Amy
