Attendees,

Cheryl and I would like to thank you for joining us yesterday for our Plymouth session of the 2025 MAHB Certificate Program.

A couple of things to please note:

- 1. We want to be certain that we get the right CEU certificates and credits for each of you so if you are wanting CEU's please reply to this email and let me know which units you need, RS, CHO, REH or R.N. and we will be sure to process that for you.***
2. As promised, I am attaching the 8 sets of slides in pdf format for your reference. Please note that there is much deeper material on the slides than we discussed, and we intend for you to keep them and use them as a first line of reference if you have questions.
3. We are in the process of rolling out an all-new and greatly improved web site replacing the prior one with an all-new, extremely improved and intuitive one. You will find many resources on that site, and we will be adding content over the next few weeks, along with continuously updating the information so you will have

a one-stop source of current events as well as a treasure trove of guidance documents and forms, once we are completely up and running. Same address, www.mahb.org, but much more comprehensive!

3. MAHB is YOUR organization, and we are always available to help you with any sticky situations, governance issues, or strategies for taking on any issue - no matter how daunting it may seem. We regularly attend BOH meetings from P'town to Williamstown to assist with any of your functions, and are a first stop in helping with anything from hearings to government structural issues. Please never hesitate to ask!

4. We are extremely involved in the distribution network for Opioid Settlement funds and work in partnership with CARE MASS assisting cities and towns with various agreements affecting those funds. Cheryl is always available to discuss that with you.

Again, thank you for your participation, and for your many kind words on the evaluation forms you filled out at the program!

Mike and Cheryl
