Dear [TOWN/CITY] BOH,

I'm writing to express my support for the Nicotine-Free Generation policy. As a public health professional working closely with [town/city] and surrounding communities on improving public health programs, policies, and services, I believe the Nicotine-Free Generation policy is a step in the right direction for creating a healthier future for our youth. It's no secret that the tobacco industry targets youth and vulnerable populations, and it's our collective responsibility to take action to promote health. I encourage the Board to support and implement the Nicotine-Free Generation policy in [TOWN/CITY].

Thank you for your time and consideration of this important issue.

Sincerely,
