ARTICLE 1

Regulation Affecting Smoking and the Sale and Distribution of Tobacco Products in Needham

A. Statement of Purpose:

Whereas, there exists conclusive evidence that tobacco smoking causes cancer, respiratory and cardiac diseases, negative birth outcomes, irritations to the eyes, nose and throat;¹

Whereas, the U.S. Department of Health and Human Services has concluded that nicotine is as addictive as cocaine or heroin² and the Surgeon General found that nicotine exposure during adolescence, a critical window for brain development, may have lasting adverse consequences for brain development,³ and that it is addiction to nicotine that keeps youth smoking past adolescence;⁴

Whereas, a Federal District Court found that Phillip Morris, RJ Reynolds and other leading cigarette manufacturers “spent billions of dollars every year on their marketing activities in order to encourage young people to try and then continue purchasing their cigarette products in order to provide the replacement smokers they need to survive” and that these companies were likely to continue targeting underage smokers;⁵

⁴ *Id.* at 13 (Executive Summary).

⁵ *United States v. Phillip Morris*, 449 F.Supp.2d 1, 1605-07 (D.D.C. 2006).

Whereas, the majority (90%) of smokers begin smoking before the age of 25, and over 5 million youth and young adults (ages 25 and under) smoke;⁶

Whereas, cigars and cigarillos, can be sold in a single “dose;” and enjoy a relatively low tax as compared to cigarettes;⁷

Whereas, spitless tobacco sales have increased from 100,000 units a year in 2018 to over 700,000 units a year by 2023;⁸

Whereas, nicotine use in any form during adolescence can cause addiction and can harm parts of the brain that control attention, learning, memory, mood, and impulse control. Nicotine use may also increase adolescents’ risk of future addiction to other drugs;⁹

Whereas more than 90 percent of all adult smokers begin smoking before the age of 18. In 2023, 22.2% of U.S. middle and high school students reported ever using any tobacco product, corresponding to 6.21 million persons, and 10% or 2.8 million middle and high school students reported current tobacco use;¹⁰

According to the 2021 National Youth Tobacco Survey (NYTS), 17.1% of current youth smokers reported directly purchasing cigarettes from a gas station or convenience store and 7.0% reported directly purchasing cigarettes from a vape shop or tobacco shop.¹¹

Whereas the Institute of Medicine (IOM) concludes that raising the minimum age of legal access to tobacco products to 21 will likely reduce tobacco initiation, particularly among adolescents 15 – 17, which would improve health across the lifespan and save lives.¹²

Whereas the 2023 MetroWest Adolescent Health Survey (MHAWS) results show that 2% of Needham high school students used cigarettes on at least one day of the 30 days before the survey, compared with 3% of students in 2021. And whereas the 2023 MetroWest Adolescent Health Survey (MHAWS) results show that 10% of Needham

¹² IOM (Institute of Medicine) 2015. *Public Health Implications of Raising the Minimum Age of Legal Access to Tobacco Products*. Washington DC: The National Academies Press, 2015.

high school students used cigarettes in their lifetime, compared with 9% of students in 2021;¹³

Whereas, data from the 2023 MetroWest Adolescent Health Survey shows 9.6% of Needham High School students and 11.1% of high school students from 24 communities in the Metro West Region used any nicotine products in the past 30 days (cigarettes, smokeless tobacco, cigars, pouches, gum or electronic vapor products);¹⁴

Whereas use of e-cigarettes among students in Massachusetts is 16%, representing a decrease of 1.5% for highschoolers between 2021 and 2023. Middle school 30-day use remained the same at 4.9 between 2021 and 2023;¹⁵

Whereas 16% of Massachusetts youth currently use e-cigarettes and 30.4% have tried them¹⁴ and in Needham 8.6% of Needham high school students currently use e-cigarettes and 17% of those students have tried e-cigarettes once in their lifetime, according to the 2023 MetroWest Adolescent Health Survey (MWAHS);¹⁵

Whereas, spitless tobacco, in particular nicotine salt packages, provides a discrete, cheap nicotine delivery system;¹⁶

Whereas, the Surgeon General found that exposure to tobacco marketing in stores and price discounting increase youth smoking;¹⁷

Whereas, the U.S. Food and Drug Administration and the U.S. Surgeon General have stated that flavored tobacco products are “starter” products that help establish smoking habits that can lead to long-term addiction;¹⁸

Whereas, the U.S. Surgeon General recognized in his 2014 report that a complementary strategy to assist in eradicating tobacco-related death and disease is for local governments to ban categories of products from retail sale;¹⁹

Whereas, the Massachusetts Department of Environmental Protection has classified liquid nicotine in any amount as an “acutely hazardous waste;”²⁰

¹⁹ See fn. 3 at p. 85.

²⁰ 310 CMR 30.136

Whereas, research indicates that the density and proximity of tobacco retailers increase smoking behaviors, including number of cigarettes smoked per day, reduced smoking abstinence during a quit attempt, and increased smoking prevalence among youth;²¹

Whereas, the density of tobacco retailers near adolescents' homes has been associated with increased youth smoking rates and initiation of non-cigarette tobacco product use;²²

Whereas, tobacco retailers are more prevalent in underserved communities, especially in neighborhoods with a higher proportion of African American or Hispanic residents;²³

Whereas, policies to reduce tobacco retailer density have been shown to be effective and can reduce or eliminate social and racial inequities in the location and distribution of tobacco retailers;²⁴

Whereas, the Massachusetts Supreme Judicial Court has held that “. . . [t]he right to engage in business must yield to the paramount right of government to protect the public health by any rational means.”²⁵

Now, therefore it is the intention of the Needham Board of Health to regulate the sale of tobacco products.

²⁵ *Druzik et al v. Board of Health of Haverhill*, 324 Mass. 129 (1949).

This regulation is promulgated pursuant to the authority granted to the Needham Board of Health by Massachusetts General Laws Chapter 111, Section 31 which states that "Boards of health may make reasonable health regulations".

C. Definitions:

For the purpose of this regulation, the following words shall have the following meanings:

Adult-Only Retail Tobacco Store (also known as "Retail Tobacco Store" in G.L. c. 270): An establishment that is not adjoined, that has a separate entrance not used by any other retailer, that does not sell food, beverages or alcohol, that does not have a lottery license, whose only purpose is to sell or offer for retail sale tobacco products and/or tobacco product paraphernalia, in which the entry of persons under the age of 21 is prohibited at all times, and which maintains a valid permit for the retail sale of tobacco products from the Needham Board of Health and applicable state licenses. The entrance to the establishment must be secure so that access to the establishment is restricted to employees and to those 21 years or older. The establishment shall not allow anyone under the age of 21 to work at the establishment. As of the effective date of this regulation, no new adult-only retail tobacco stores shall be located within twenty-five (25) feet of a retailer with a tobacco product sales permit.

Blunt Wrap: Any product made wholly or in part from a tobacco product, manufactured or packaged with loose and removable leaves or section of a leaf, or as a hollow tube, that may be used by the consumer to wrap or contain loose tobacco or other fillers.

Bona Fide Purchaser for Value: A bona fide purchaser is someone who exchanges value for property without any reason to expect irregularities in the transaction.

Business Agent: An individual who has been designated by the owner or operator of any establishment to be the manager or otherwise in charge of said establishment.

Characterizing flavor: A distinguishable taste or aroma, other than the taste or aroma of tobacco, imparted or detectable either prior to or during consumption of a tobacco product or component part thereof, including, but not limited to, tastes or aromas relating to any fruit, chocolate, vanilla, honey, candy, cocoa, dessert, alcoholic beverage, menthol, mint, wintergreen, herb or spice; provided, however, that no tobacco product shall be determined to have a characterizing flavor solely because of the provision of ingredient information or the use of additives or flavorings that do not contribute to the distinguishable taste or aroma of the product.

Child-Resistant Package: Packaging intended to reduce the risk of a child ingesting nicotine and that meets the minimum standards of 16 C.F.R. 1700 *et seq.*, pursuant to 15 U.S.C. 1471 through 1476.

Cigar: Any roll of tobacco that is wrapped in leaf tobacco or in any substance containing tobacco, with or without a tip or mouthpiece, that is in a readily usable state immediately when removed from its packaging without any modification, preparation or assembly required as in a kit or roll-your-own package and is not otherwise defined as a cigarette under G.L. c. 64C, §1, Paragraph 1. Tobacco leaf in kits or roll-your-own packages shall be considered “blunt wraps” for the purpose of this regulation.

Component part: Any element of a tobacco product, including, but not limited to, the tobacco, filter and paper, but not including any constituent.

Constituent: Any ingredient, substance, chemical or compound, other than tobacco, water or reconstituted tobacco sheet, that is added by the manufacturer to a tobacco product during the processing, manufacturing or packaging of the tobacco product.

Coupon: Any card, paper, note, form, statement, ticket or other communication distributed for commercial or promotional purposes to be surrendered to receive an article, service or accommodation without charge or at a discount price.

Distinguishable: Perceivable by either the sense of smell or taste.

Educational Institution: Any public or private college, school, professional school, scientific or technical institution, university or other institution furnishing a program of higher education.

Electronic Nicotine Delivery System: An electronic device, whether for one-time use or reusable, that can be used to deliver nicotine or another substance to a person inhaling from the device including, but not limited to, electronic cigarettes, electronic cigars, electronic cigarillos, electronic pipes, vaping pens, hookah pens and other similar devices that rely on vaporization or aerosolization; provided, however, that “electronic nicotine delivery system” shall also include any noncombustible liquid or gel that is manufactured into a finished product for use in such electronic device; provided further, that “electronic nicotine delivery system” shall also include any component, part or accessory of a device used during the operation of the device even if the part or accessory was sold separately; provided further, that “electronic nicotine delivery system” shall not include a product that has been approved by the United States Food and Drug Administration for the sale of or use as a tobacco cessation product or for

other medical purposes and is marketed and sold or prescribed exclusively for that approved purpose.

Employee: Any individual who performs services for an employer.

Employer: Any individual, partnership, association, corporation, trust or other organized group of individuals that uses the services of one (1) or more employees.

Flavored Tobacco Product: Any tobacco product or component part thereof that contains a constituent that has or produces a characterizing flavor. A public statement, claim or indicia made or disseminated by the manufacturer of a tobacco product, or by any person authorized or permitted by the manufacturer to make or disseminate public statements concerning such tobacco product, that such tobacco product has or produces a characterizing flavor shall constitute presumptive evidence that the tobacco product is a Flavored Tobacco Product.

Health Care Institution: An individual, partnership, association, corporation or trust or a person or group of persons who provides health care services and employs health care providers subject to licensing under this chapter; or a retail establishment that sells pharmaceutical goods and services and is subject to regulation by the board of registration in pharmacy. Health care institutions include but are not limited to hospitals, clinics, health centers, pharmacies, drug stores, doctors' offices, and dental offices.

Liquid Nicotine Container: A package:

- (i) from which nicotine in a solution or other form is accessible through normal and foreseeable use by a consumer; and
- (ii) that is used to hold a soluble nicotine in any concentration; provided however, that "liquid nicotine container" shall not include a sealed, prefilled and disposable container of nicotine in a solution or other form in which the container is inserted directly into an electronic cigarette, electronic nicotine delivery system or other similar product if the nicotine or other substance in the container is inaccessible through customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion or other contact by children.

Listed or non-discounted price: The higher of the price listed for a tobacco product on its package or the price listed on any related shelving, posting, advertising or display at the place where the tobacco product is sold or offered for sale plus all applicable taxes if such taxes are not included in the state price, and before the application of any discounts or coupons.

Manufacturer Documentation: A written document from a manufacturer that certifies which of each of its products is not flavored, as defined under Massachusetts law and these regulations. Manufacturer Documentation shall also mean a written document from a manufacturer that certifies the nicotine content expressed as milligrams per milliliter for each of its Electronic Nicotine Delivery System products. A manufacturer documentation must:

1. Be written by the manufacturer of the product(s).
2. Certify that the product(s) listed in the documentation are neither flavored nor have a characterizing flavor as defined by 105 CMR 665.005.
3. Include an attestation clause indicating that the “letter is true and accurate.”
4. State that the “manufacturer will immediately provide an updated letter to correct any inaccuracy.”
5. State that the person signing the letter “is authorized on behalf of the manufacturer to sign the letter.”
6. Contain a signature of the manufacturer’s corporate officer or an owner; and
7. For any Electronic Nicotine Delivery System product, certify that it does not have a nicotine content greater than 35 milligrams per milliliter. The content amount must be in “milligrams per milliliter.” If the nicotine content is documented in a separate letter, the above-listed requirements must be included in that separate letter.

Note that a Manufacturer’s Documentation IS NOT conclusive evidence that a product is unflavored. A board of health may conduct a smell/taste test to determine if a manufacturer’s documentation misrepresents whether a product is flavored.

Non-Residential Roll-Your-Own (RYO) Machine: A mechanical device made available for use (including to an individual who produces cigars, cigarettes, smokeless tobacco, pipe tobacco, or roll-your-own tobacco solely for the individual’s own personal consumption or use) that is capable of making cigarettes, cigars or other tobacco products. RYO machines located in private homes used for solely personal consumption are not Non-Residential RYO machines.

Oral Nicotine Pouches: Pre-portioned pouches containing nicotine and other ingredients, intended to be used between the cheek and gum to deliver nicotine.

Permit Holder: Any retailer engaged in the sale or distribution of tobacco products who applies for and receives a tobacco product sales permit or any person who is required to apply for a Tobacco Product Sales Permit pursuant to these regulations, or their business agent.

Retailer: Any person, firm, partnership, association, corporation, company or organization of any kind, including but not limited to, an owner, operator, manager, proprietor or person in charge of any establishment, business or retail store.

Retail Establishment: A physical place of business or a section of a physical place of business in which a tobacco product is offered for sale to consumers.

Rolling Papers: Sheets, rolls, tubes, cones or leaves, that do not contain tobacco, which are used for rolling cigarettes either by hand or with a roll-your-own machine.

Self-Service Display: Any display including an unlocked humidor regardless of size from which customers may select a tobacco product, as defined herein, without assistance from an employee or store personnel.

Schools: Public or private elementary or secondary schools.

Smoking Bar: An establishment that: (i) exclusively occupies an enclosed indoor space and is primarily engaged in the retail sale of tobacco products for consumption by customers on the premises; (ii) derives revenue from the sale of food, alcohol or other beverages that is incidental to the sale of a tobacco product and prohibits entry to a person under 21 years of age; (iii) prohibits a food or beverage not sold directly by the establishment from being consumed on the premises; (iv) maintains a valid permit for the retail sale of a tobacco product as required to be issued by the Town of Needham; and (v) maintains a valid license issued by the department of revenue to operate as a smoking bar. "Smoking bar" shall include, but not be limited to, those establishments that are commonly known as "cigar bars", "hookah-bars" and "vape bars."

Tobacco Product Flavor Enhancer: Any product designed, manufactured, produced, marketed or sold to produce a characterizing flavor when added to any tobacco product. A rolling paper with a characterizing flavor shall be considered a Tobacco Product Flavor Enhancer.

Tobacco Product: A product containing or made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means including, but not limited to,

cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff, electronic cigarettes, electronic cigars, electronic pipes, electronic nicotine delivery systems or any other similar products that rely on vaporization or aerosolization regardless of nicotine content in the product; provided, however, that “tobacco product” shall also include any component, part or accessory of a tobacco product; and provided further, that “tobacco product” shall not include a product that has been approved by the United States Food and Drug Administration for the sale of or use as a tobacco cessation product or for other medical purposes and is marketed and sold or prescribed exclusively for the approved purpose.

Vending Machine: Any automated or mechanical self-service device, which upon insertion of money, tokens or any other form of payment, dispenses or makes cigarettes or any other tobacco products, as defined herein.

Workplace: Any enclosed area of a structure, indoor area, facility or a portion thereof at which one (1) or more employees perform services for their employer (including the personal residence of the employer during those hours when used as a place of employment); other enclosed spaces rented to or otherwise used by the public; and where the employer has the right or authority to exercise control over the space. It also includes motor vehicles, employee lounges, restrooms, conference rooms, hallways, stairways and entrance ways, as well as exterior, unenclosed spaces at stairs, ramps, landings, patios, porches, decks, adjacent yards, loading docks and other areas within twenty (20) feet of the entrance doors or other areas where smoke would migrate into the enclosed area of a structure.

D. No Tobacco Sales to Persons Born on or after January 1, 2005

1. No person shall sell or provide a tobacco product to a person born on or after January 1, 2005.

2. Required Signage:

All retail establishments, including adult-only retail tobacco stores, shall conspicuously post signage, made available from the Needham Board of Health. Such signage shall include: (i) referral information for smoking cessation resources; (ii) a statement that sale of tobacco products, including e-cigarettes, [to someone younger than 21 years of age] or [to a person born on or after January 1, 2005] is prohibited; (iii) health warnings associated with using electronic nicotine delivery systems; and (iv) except in the case of smoking bars, notice to consumers that the sale of flavored tobacco products are prohibited at all times. Such signage shall be posted conspicuously in the retail establishment or other place in such a manner so that it may be readily seen by a person standing at or approaching the cash register. The notice shall directly face the

purchaser and shall not be obstructed from view or placed at a height of less than four feet or greater than nine feet from the floor. The signage may be in a form developed and made available by the Massachusetts Department of Public Health.

3. Identification:

Each person selling or distributing tobacco products shall first verify the age of **every** purchaser of tobacco products by means of a valid government-issued photographic identification containing the bearer's date of birth that the purchaser is born on or before January 1, 2005.

E. Tobacco Product Sales Permit:

1. No person shall sell or otherwise distribute tobacco products, as defined herein, within the town of Needham without first obtaining a Tobacco Product Sales Permit issued annually by the Needham Board of Health. Only owners of establishments with a permanent, indoor, non-mobile location in Needham are eligible to apply for a permit and sell tobacco products, as defined herein, at the specified location in Needham.

2. As part of the Tobacco Product Sales Permit application process, the applicant will be provided with the Needham regulation. Each applicant is required to sign a statement declaring that the applicant has read said regulation and that the applicant is responsible for instructing all employees who will be responsible for tobacco product sales regarding federal, state and local laws regarding the sale of tobacco and this regulation.

3. Each applicant who sells tobacco products is required to provide proof of a current Tobacco Retailer License issued by the Massachusetts Department of Revenue, when required by state law, before a Tobacco Product Sales Permit can be issued. Applicant may be asked to provide evidence that a legitimate business transfer or business purchase has taken place.

4. A separate permit, displayed conspicuously, is required for each retail establishment selling tobacco products, as defined herein. The fee for which shall be determined by the Needham Board of Health annually. All required Massachusetts Department of Revenue licenses related to the sale of tobacco products, as defined herein, must also be displayed conspicuously at the retail establishment.

5. As a condition for obtaining and/or renewing a Tobacco Sales Permit, the Needham Board of Health may require tobacco retailers and any employee involved in the sale of tobacco products to participate in training programs provided by, or approved by, the Board regarding compliance with the laws and regulations prohibiting the sale of tobacco products to persons born on or after January 1, 2005.

6. No Tobacco Sales Permit holder shall allow any employee to sell cigarettes or other tobacco products until such employee reads this regulation and state laws regarding the sale of tobacco products and signs a statement, a copy of which will be placed on file in the office of the employer, that the employee has read and understands the regulation and applicable state laws.

7. Issuance of a Tobacco Product Sales Permit shall be conditioned on an applicant's consent to unannounced, periodic inspections of his/her retail establishment to ensure compliance with this regulation. Neither the permit holder nor their employees shall interfere with or obstruct an inspection.

8. A Tobacco Product Sales Permit will not be renewed if the permit holder has failed to pay all fines issued and the time to appeal the fines has expired and/or the permit holder has not satisfied any outstanding permit suspensions.

9. A Tobacco Product Sales Permit will not be renewed if the permit holder has sold a tobacco product to a person born on or after January 1, 2005, three times within the permit year or 4 times within the 36-month period of performance and the time period to appeal has expired. The violator may request a hearing in accordance with the Violations section.

10. Retail Density.

- a. A new Tobacco Product Sales Permit shall not be issued to any new applicant for a retail location within five hundred (500) feet of a public or private elementary or secondary school as measured by a straight line from the nearest point of the property line of the school to the nearest point of the property line of the site of the applicant's business premises
- b. A new Tobacco Product Sales Permit shall not be issued to any new applicant for a retail location within 500 feet of an existing retailer with a valid Tobacco Product Sales Permit as measured by a straight line from the nearest point of the property line of the retailer with a valid Tobacco Product Sales Permit to the nearest point of the property line of the site of the applicant's business premises.
- c. If the purchaser of a business with a valid tobacco sales permit pursuant to Section E.9 or the current holder of tobacco sales permit changes the location of the business, the new location shall be subject to the retail density requirements of Section E.11.

11. Sale of Business.

- a. Notwithstanding a cap on the total number of permit holders, the seller of a business holding a valid tobacco sales permit may transfer said permit to a

bona fide purchaser for value of the business, subject to approval by the Board of Health, as required herein.

- b. The purchaser shall apply for the transfer of the permit no later than (30) calendar days after said purchase. The purchaser shall not sell tobacco product until the **transfer of the permit is approved by the Board of Health**; and
- c. All fines and suspensions of the previous owner must be satisfied prior to the sale.

12. Maximum Number of Tobacco Product Sales Permits—Retiring Cap

As of the effective date of this regulation, any permit surrendered, revoked or not renewed either because a retailer no longer sells tobacco products, as defined herein, or because a retailer closes the retail business, shall be returned to the Needham Board of Health and shall be permanently retired by the Board of Health.

F. Prohibition of Smoking Bars:

Smoking Bars are prohibited in the Town of Needham.

G. Oral Nicotine Pouches:

The sale or distribution of oral nicotine pouches is restricted to adult only retail tobacco stores.

H. Cigar Sales Regulated:

- 1. No person shall sell or distribute or cause to be sold or distributed a single cigar unless such cigar is priced for retail sale at two dollars and ninety cents (\$2.90) or more.
- 2. No person shall sell or distribute or cause to be sold or distributed any original factory-wrapped package of two or more cigars, unless such package is priced for retail sale at five dollars and eighty cents (\$5.80) or more.
- 3. This Section shall not apply to a person or entity engaged in the business of selling or distributing cigars for commercial purposes to another person or entity engaged in the business of selling or distributing cigars for commercial purposes with the intent to sell or distribute outside the boundaries of Needham.
- 4. The Needham Board of Health may adjust from time to time the amounts specified in this Section to reflect changes in the applicable Consumer Price Index by amendment of this regulation.

I. Sale of Flavored Tobacco Products Prohibited:

No person, as defined herein, shall possess, hold, keep, sell or distribute or cause to be possessed, held, kept, sold or distributed any flavored tobacco product, as defined herein, or any flavored tobacco product enhancer, as defined herein.

Retailers must obtain manufacturer documentation certifying that all products possessed, held, kept, sold or distributed by the retailer do not meet the definition of a flavored tobacco product or tobacco product flavor enhancer (105 CMR 665.010(E)).

J. Nicotine Content in Electronic Nicotine Delivery Systems:

No person shall sell an electronic nicotine delivery system with nicotine content greater than 35 milligrams per milliliter; provided, however, that this subsection shall not apply to adult-only retail tobacco stores or smoking bars.

Retailers must obtain manufacturer documentation verifying that all electronic nicotine delivery products possessed, held, kept, sold or distributed by the retailer indicating the nicotine content expressed as milligrams per milliliter for each electronic nicotine delivery system to be sold in the retail establishment (105 CMR 665.010(C)).

K. Prohibition of the Sale of Blunt Wraps:

No retailer or person shall sell or distribute blunt wraps in Needham.

L. Free Distribution and Coupon Redemption: No retailer or person shall:

1. Distribute or cause to be distributed, any free samples of tobacco products, as defined herein.
2. Accept or redeem, offer to accept, or redeem, or cause or hire any person to accept or redeem or offer to accept or redeem any coupon that provides any tobacco product, as defined herein, without charge or for less than the listed or non-discounted price; and
3. Sell a tobacco product, as defined herein, through any discount (e.g., "buy-two-get-one-free") if the sale reduces the price of a pack to less than the listed or non-discounted price.

M. Out-of-Package Sales:

1. The sale or distribution of tobacco products, as defined herein, in any form other than an original factory-wrapped package is prohibited, including the repackaging, or dispensing of any tobacco product, as defined herein, for retail sale. No retailer or person, as defined herein, shall possess, hold, keep, sell, or distribute or cause to be

possessed, held, kept, sold, or distributed any cigarette package that contains fewer than twenty (20) cigarettes, including single cigarettes.

2. Permit holders who sell Liquid Nicotine Containers must comply with the provisions of 310 CMR 30.000, Massachusetts Hazardous Waste Regulations.
3. All permit holders must comply with 940 CMR 21.05 which reads: "It shall be an unfair or deceptive act or practice for any person to sell or distribute nicotine in a liquid or gel substance in Massachusetts after March 15, 2016 unless the liquid or gel product is contained in a child-resistant package that, at a minimum, meets the standard for special packaging as set forth in 15 U.S.C. §§1471 through 1476 and 16 CFR §1700 *et seq.*"
4. No permit holder shall refill a cartridge that is prefilled with nicotine in a liquid or gel substance and sealed by the manufacturer and not intended to be opened by the consumer or retailer.

N. Self-Service Displays:

All self-service displays of tobacco products, as defined herein, are prohibited. All humidors including, but not limited to, walk-in humidors must be locked.

O. Vending Machines:

All vending machines containing tobacco products, as defined herein, are prohibited.

P. Non-Residential Roll-Your-Own Machines:

All Non-Residential Roll-Your-Own machines are prohibited.

Q. Prohibition of the Sale of Tobacco Products by Health Care Institutions:

No health care institution located in Needham shall sell or cause to be sold tobacco products, as defined herein. No retail establishment that operates or has a health care institution within it, such as a pharmacy, optician/optometrist, or drug store, shall sell or cause to be sold tobacco products, as defined herein.

R. Prohibition of the Sale of Tobacco Products by Educational Institutions:

No educational institution located in Needham shall sell or cause to be sold tobacco products, as defined herein, including by any person or retailer on the property of an educational institution.

S. Incorporation of State Laws and State Regulations:

1. The sale or distribution of tobacco products, as defined herein, must comply with state statutes including but not limited to those provisions found at G.L. c. 270, §§6, 6A, 7, 28, 29 and G.L. c. 112, §61A.
2. The sale or distribution of tobacco products, as defined herein, must comply with state regulations including but not limited to those provisions found at 940 CMR 21.00, Sale and Distribution of Cigarettes, Smokeless Tobacco Products, and Electronic Smoking Devices in Massachusetts, 940 CMR 22.00 Sale and Distribution of Cigars in Massachusetts; and 105 CMR 665.00, Minimum Standards for Retail Sale of Tobacco and Electronic Nicotine Delivery Systems.

T. PROHIBITION ON SMOKING IN PUBLIC PLACES AND WORKPLACES:

1. No person shall smoke or use an e-cigarette nor shall any person having control of the premises upon which smoking is prohibited by this regulation or by M.G.L. c. 270, §22, or the business agent or designee of such person, permit a person to smoke or use an e-cigarette in any of the following places in addition to those prohibited by G.L. c. 270, §22: all outdoor areas of restaurants, bars, taverns, and any other outdoor place where food and/or beverages, and/or non-alcoholic beverages are sold, served, or otherwise consumed or carried, health care facilities, municipal and school buildings, municipal vehicles, public places, public transportation, retail stores, town-owned parks and playgrounds, town-owned athletic fields, town-owned property, conservation land, nursing homes, hotels, motels, inns, bed and breakfast, lodging homes, and adult-only retail tobacco stores.
2. Notwithstanding any other provision of these regulations, smoking may be permitted in the following places and/or under the following circumstances consistent with all applicable state laws:
 - a. Private residences except those portions used as a public place, food service establishment, childcare, adult care, or health care office during the hours when operating as such.

U. Violations:

1. It shall be the responsibility of the establishment, permit holder and/or his or her business agent, and not their employees, to ensure compliance with all sections of this regulation. For violations of the sections of this regulation that incorporate G.L. c. 270, §§6, 28, 29 and 105 CMR 665.000, the following penalties apply:

- a. In the case of a first violation, a fine of one thousand dollars (\$1,000.00) shall be issued and the Tobacco Product Sales Permit shall be suspended for seven (7) consecutive business days.
 - b. In the case of a second violation within thirty-six (36) months of the date of the current violation, a fine of two thousand dollars (\$2,000.00) shall be issued and the Tobacco Product Sales Permit shall be suspended for fourteen (14) consecutive business days.
 - c. In the case of three violations within a thirty-six (36)-month period, a fine of five thousand dollars (\$5,000.00) shall be issued and the Tobacco Product Sales Permit shall be suspended for thirty (30) consecutive business days.
2. For violations of all other sections specific to the Town of Needham, the violator shall receive:
- a. In the case of a first violation, a fine of one hundred dollars (\$100.00), and the Tobacco Product Sales Permit shall be suspended for seven (7) consecutive business days.
 - b. In the case of a second violation within thirty-six (36) months of the date of the current violation, a fine of two hundred dollars (\$200.00), and the Tobacco Product Sales Permit shall be suspended for fourteen (14) consecutive business days.
 - c. In the case of three violations within a thirty-six (36)-month period, a fine of three hundred dollars (\$300.00), and the Tobacco Product Sales Permit shall be suspended for thirty (30) consecutive business days.
3. List of state laws and local policies:

Policies Subject to State Law Fines

- Tobacco and Vape Sales to persons under the age of 21 (G.L. Ch. 270, §6)
- Flavored Tobacco Product Sales Restrictions (G.L. Ch. 270, §28)

 - Display of MA Department of Revenue license(s)
 - No Local Tobacco Sales Permit
 - Retailer Density Minimums
 - Transfer of Permit in Sale of Business
 - Restricting Oral Nicotine Pouches to adult-only retail tobacco stores
 - Other local policies
5. In the case of four violations or repeated, egregious violations of any section of this regulation, as determined by the Board of Health within a thirty-six (36) month period, the Board of Health shall hold a hearing in accordance with this regulation and, after such hearing shall permanently revoke a Tobacco Product Sales Permit.
 6. Failure to cooperate or interference with inspections pursuant to this regulation shall result in the suspension of the Tobacco Product Sales Permit for thirty (30) consecutive business days.
 7. In addition to the monetary fines set above, any permit holder who engages in the sale or distribution of tobacco products while their permit is suspended shall be subject to the suspension of all Board of Health issued permits for thirty (30) consecutive business days. Multiple suspensions of a Tobacco Product Sales Permit shall not be served concurrently.

8. A permit issued pursuant to this regulation may be suspended, revoked, or not renewed for any of the following reasons:
 - a. Violation of the permit holder of any provision of state or local laws and/or regulations.
 - b. Fraud, misrepresentation, false material statement, concealment, or suppression of facts by the permit holder in connection with an application for a permit or for renewal thereof.
9. The Needham Board of Health shall provide notice of the intent to suspend or revoke a Tobacco Product Sales Permit, which notice shall contain the reasons therefor and establish a time and date for a hearing which date shall be no earlier than seven (7) days after the date of said notice. The permit holder or its business agent shall have an opportunity to be heard at such a hearing and shall be notified of the Board of Health's decision and the reasons therefor in writing. After a hearing, the Needham Board of Health shall impose fines and/or suspend or revoke the Tobacco Product Sales Permit if the Board of Health finds that a violation of this regulation occurred. All tobacco products, as defined herein, shall be removed from the retail establishment upon suspension or revocation of the Tobacco Product Sales Permit. Failure to remove all tobacco products, as defined herein, shall constitute a separate violation of this regulation.
10. For purposes of such fines, the Board of Health shall make the determination notwithstanding any separate criminal or non-criminal proceedings brought in court hereunder or under the Massachusetts General Laws for the same offense.

V. Non-Criminal Disposition:

Whoever violates any provision of this regulation may be penalized by the non-criminal method of disposition as provided in G.L. c. 40, §21D where the penalty calls for a monetary fine not exceeding three hundred (\$300) dollars.

W. Separate Violations:

Each day any violation exists shall be deemed to be a separate offense.

X. Enforcement:

Enforcement of this regulation shall be by the Needham Board of Health, its Director of Health & Human Services, and its designated agents.

The Board of Health may enforce these regulations or enjoin violations thereof through any lawful process, and the election of one remedy by the Board of Health shall not preclude enforcement through any other lawful means.

Any resident who desires to register a complaint pursuant to the regulation may do so by contacting the Needham Board of Health or its designated agent(s) and the Board shall investigate.

Y. Severability:

If any provision of this regulation is declared invalid or unenforceable, the other provisions shall not be affected thereby but shall continue in full force and effect.

Z. Effective Date:

Board of Health discussion about the Nicotine Free Generation (NFG) policy occurred at public meetings on May 10, June 14, and July 12, 2024. A public hearing about the Nicotine Free Generation policy occurred on September 5, 2024, and was continued over until October 8, 2024 and then again until November 22, 2024, where the NFG policy and a draft version of this regulation incorporating NFG were discussed and debated. This regulation was [approved] by a [unanimous] vote of the Needham Board of Health on December 13, 2024 and shall take effect on January 1, 2025.

A notice and summary of the regulation was posted by the Needham Town Clerk, was posted on the Needham Public Health Division's website, and was published in a newspaper in circulation in the Town of Needham. Copies of this regulation have also been filed with the Needham Town Clerk and the Massachusetts Department of Environmental Protection.

The original Needham Board of Health smoking and tobacco regulation was enacted in September 1991. It has been amended extensively over the years, most notably in 2005 with the enactment of the Tobacco 21 policy, which was phased-in over a three-year period. This regulation was amended again in 2009 with the implementation of a prohibition on the sale of tobacco products in pharmacies. A ban on flavored tobacco was incorporated in 2015, the tolling period for violations was revised in 2017, and restrictions on electronic nicotine delivery systems were incorporated in 2018 and 2019. Updates on the number of permits and also the adoption of updated state regulation requirements, along with the adoption of the state fine schedule, took place in 2020 and 2021. An update to the regulation, unanimously approved by the Board of Health on September 23, 2021, included a modification to the definition of "person" on page six and shall go into effect on October 15, 2021. The Nicotine Free Generation policy was incorporated into the regulation by vote of the Board of Health on December 13, 2024.
