

Use the planning charts to help ensure the work is being completed in each municipality each quarter. For each of your municipalities please plan out when you will be visiting them. A portion of the work must be completed in every quarter of the fiscal year so there is a tobacco program presence in each community continuously throughout the year. There are separate tabs for inspections, compliance checks and retail visits below. Inspection and Education charts can look similar if you conduct both at the same visit

FY26 RETAILER INSPECTIONS

[illegible]
