[DATE]

Dear Hopkinton Health Director and Board of Health,

I am <parent, teacher, resident, job title, etc.> in Hopkinton and I care deeply about the health and wellbeing of our youth. I am writing to inform the Board of Health that I support the proposed Nicotine-Free Generation policy.

It's no secret that the tobacco industry targets youth and vulnerable populations, and it's our collective responsibility to take action to promote health. A huge contributor to the decline in nicotine usage over the years is the ramp up in education, media campaigns, and passing key policies.

(Insert personal reason or story here)

Our community has a moral obligation to keep youth out of harm's way. The adults in Hopkinton have a shared responsibility to prevent nicotine use among youth. I encourage the Board of Health to support and implement the Nicotine-Free Generation policy to make Hopkinton a healthier place to live, work, and play. It all starts here in Hopkinton.

Thank you for your hard work promoting and protecting the health of all residents.

Sincerely,
