Could you take a color photo with your phone and send it to us, just to see what it looks like?

Thx.

Looks good, do you have a digital file? When I scan the QR code it starts with resources/citations. I would move that down. I would also put some type of contact information more prevalent on the doc...I scanned it quickly and didn't see who I could contact to get involved/know more. Not sure who this should go to, but since you sent it Maureen, those are my thoughts.
