WOW! Terrific!!! I am excited, and relieved, to finally have a marketing piece in my hands. My NFG group is meeting Monday evening. This will be on the agenda though I'll send it to them in advance so we will be ready to discuss.

Long day today. Just got off a Zoom call with Health Directors in Western Mass. Great meeting (I think) but it followed an all-day off-site. So glad I have a really special event tomorrow to look forward to. Thank you!

Here is V2. Feel free to circulate and we can continue to tweak - I did it on Canva which is an easy to use software which many people use and to which there is a free version so I'm also happy to share with others now or when done so that they can edit as needed. One thing we should think about is adding a contact name (since we don't have website) for people who want to learn more.

See you tomorrow and we can talk more then!

Can't believe how well you captured the essence in such a short time. You heard us at the Town Council meeting a year and a half ago and then we chatted Friday and I sent you a few docs. Then boom. Just like that you create a wonderful marketing piece. Obviously, that's your wheelhouse. I can present to a roomful of people but I can't create a marketing piece. Back when I was at John Hancock I more than once got criticized for not being able to write an executive briefing - I had to tell the whole story which no one wants to hear or has time for. Get to the point. That's a particular skill. Thank you!!!

A few edits:

Line one under What is NFG: An NFG policy , instead of A NFG policy.

Last sentence in first paragraph: prohibited instead of curtailed, and maybe too young to buy instead of too young to use. Not even sure about that. 😊

Last line in "01" of the Know the Facts section: Over time instead of overtime.

First line of "02": T-21 instead of NFG.

First line of "03": Massachusetts Supreme Judicial Court unanimously upheld...

I can't wait to show this to our volunteer task force. They are all pretty talented (lawyers, doctors, etc.) and they may want to have a say but none of us could create what you

did. Made my day. My week!

See you Friday. I'm excited.

Julie, this is amazing! I got goosebumps looking at it. I have wanted something like this for over a year.

I'm on a Zoom call right now. And at an all-day meeting at Tower Hill tomorrow. Tomorrow night I'm presenting to the Berkshire Public Health Alliance. Crazy week.

I'll mark this up (a few edits – the design is perfect) and get back to you. Will you be in Somerville Friday? I can bring it to you then.

P.S. The quote is so similar to what a person in recovery said at the Concord Public Hearing. I'll see if that was recorded. If not, you are right. This is close enough to what someone actually said.

Hi - Sorry for delay - Take a look at this - we can change anything. I made the quote up but I'm sure its not too far from the truth and I can probably find someone to say it - lol.

I can make edits tomorrow or over the weekend,

I know I owe you some more quotes but this news just came in. (See below.)

We won't get to do a workshop but it looks like we will be able to have a booth display. Another reason we need better marketing materials. And need a great booth design so we get people to stop and talk with us. And, of course, a flyer to hand out! 😊

WOW! So much going on. Hard to keep up.
