Hi Zack,

I did see your Grayken presentation. Loved it. Learned a lot. If anything, I would try to make it a bit shorter. But not change the info you are focusing on. I don't know the audience, how much time you/they have, other stuff they have on their plates. Good to have plenty of time for questions so the audience feels engaged. But you know all this better than I do.

Congrats on this opportunity. We need our health care institutions to step it up. Be great to get a letter of support.

Thanks and good luck.

P.S. You have a very easy delivery. Easy to listen to.

**Subject:** Talk to Boston Children's Pediatric Resident Doctors

Hi Team,

I wanted to let everyone know that I was invited to give a talk about NFG to the Boston Children's Hospital Pediatric Resident Doctors this Friday. If anyone that watched my Grayken talk had any suggestions of things to change I am all ears. I also was wondering if others had thoughts on municipalities in particular I should highlight for the audience. For the last talk I highlighted the Somerville hearing and had at least two residences that were at the talk and then subsequently showed up.

Looking forward to our next meeting.

Best,  
Zack
