Hi Maureen

Hope all is well. I was reaching out to invite you to our Berkshire Public Health Alliance meeting. The alliance is a collaboration of shared services that represents 26 Berkshire County Towns. It would be great to hear about your experience and journey with NFG as Pittsfield begins their journey. I think it would be important for our neighboring public health town officials to hear about the NFG policy. Our next meeting is the 17th of March 2025 from 5:30-7:00pm hybrid so we would set up a time slot that works for you if you are available. If not, no worries I understand it is short notice, and we can set it up for the next meeting date. I have CC'd Lydia who is their Program Manager and can assist with coordination. Thank you for the consideration

Good afternoon,

Thank you so much for the opportunity to share our Mystic Valley Region's NFG journey. It's been exciting, rewarding, and, yes, challenging.

Working on such an important and potentially life-changing and life-saving policy is one of the most fulfilling things I have even done.

It's especially rewarding to meet and work with others who have the same interest and commitment.

I especially appreciate how you both made such an effort to make sure I was prepared.

I have participated in a lot of Board meetings over the past year or so but have never experienced the kind of preparation you provided.

I look forward to working with you as NFG moves forward out in the Berkshires. I know my colleagues feel the same way.

Thank you!

Maureen

P.S. I grew up in Southern Vermont so your region is not as foreign to me as it might be to some who live here in the Boston area.
