No one from Manchester. At least no one identified themselves as being from Manchester. I mentioned them in my remarks.

I'm doing well now real pain to speak of, writing not yet or typing is a challenge.
I did see the news regarding the Bill I agree we have to keep up the push. But I think the news sends a message that some elected official have it on their radar perhaps giving locals some confidence about moving forward.
Did anyone from Manchester attend the celebration?
Glad you had a good Thanksgiving too ☐

Thank you,

Great T-Day. And much needed long weekend.
I was wondering how you were doing.
Did you see the news?
Three legislators announced at the NFG Celebration Monday that they intend to file state legislation.

Still a heavy lift. We still have to work hard on getting local communities to adopt NFG so that there is a healthy population covered by NFG if it ever makes it to the floor for a vote.

I'll see DJ Thursday at TFM – in person for the first time since COBVID. He came to the State House celebration last Monday. He was one of the people recognized. Fun time.
