Thanks for all your guidance. Some very positive comments from the board!

Hope they discuss and vote next month to hold a public hearing the following month.

How would you like relevant materials sent to you? I would love to connect you with some of the subject matter experts and have them send their own peer reviewed articles, stats, etc. - -

Hi Jim,

Thanks! And thanks for bringing up the CP issue this morning.

I'm all set. I'll see you on the tube at 6:00. No need for a bio for me/from me, other than to say Maureen Buzby, Mystic Valley Tobacco Program Manager. Thanks!

Folks as a reminder if anyone wants to come to Stockbridge town hall prior to the meeting to tour of new offices, we can try to do it before 5:45 if possible.

Also, one of the tabled items (green burial updates) may be discussed if there is time and motion to move it to active agenda. I am a bit behind, but I have updated the draft policy to exclude the cemeteries and more focus on what is needed for private home burials. Here is a copy in case and I will print extras. Sorry for the late notice too many irons in the fire.

We also have a guest coming to present (5 minutes) on NFG intro. While I have tobacco edits on the agenda it will be brief, and the plan is to dive deep into that in June (next TTBOH meeting)

Folks I had to edit one section of the draft tobacco regulations section H. Oral pouches. Additionally, I have a colleague jumping on zoom to give a very short (5 min) intro on nicotine free generation. While I have the language into our draft tobacco regulation, the goal is to **not implement** this until we are ready. NFG is a concept that is picking up steam in MA where persons under 20 cannot legally purchase after they turn 21. This is a long road but I want to give our speaker the time to start the conversation. We have a packed agenda, but I want to be sure we give her the time as she is taking time out of her day to help us. I have also attached some NFG if you're interested in learning more prior to the meeting.
