Hi Barry-

It was a genuine pleasure to meet with the BOH last evening. I think that they are at least open to the idea of NFG. As such, there are a few other provisions in the latest Draft Model Regulations that the BOH might also want to consider. Most notably, adopting a restriction on the nicotine content of pouches to 6mg. There are also a couple of other things that they might consider. I've included a copy of the Draft Model Regs with a policy checklist from which the BOH may choose said provisions ala carte. Also attached are the MAHB and Northampton Kratom Draft regulations (as Bourne Drafts- We chose the MAHB version).

Thanks,

Bob
