Hello Hillard,

I was able to find the following names that attended and spoke on NFG -

Bob Collett, Director of Cape Cod Regional Tobacco Control Program - bcollett@capecod.gov
Maureen Buzby, Melrose Regional Tobacco Inspection Coordinator - mbuzby@CityofMelrose.org
Anthony Chui, Melrose Regional Director of Health and Human Services - health@cityofmelrose.org
DJ Wilson, former Tobacco Control Director at MA Municipal Association - (no email found)

Please let me know if you need anything else.

Thank you,
Sara

Sara - sorry about that, I was looking for the people (one person from Cambridge) who came to a previous mtg. Thx

Good morning Hillard,

As far as I know, we do not have anyone scheduled to speak on NFG at the next BOH meeting. It was my understanding that both Kratom and NFG were being added to the agenda as discussion items and if people wanted to speak on either item, that would be at your discretion.

I've included Barry on this email in case he has more information on this that may not have been shared with me?

Thank you and stay safe/warm!

Sara

Good morning Sara - If you have the information, please send me the names, positions and emails of the presenters of Nicotine Free Generation at our BOH meeting. Thank you.

Happy Shoveling.

Hillard

Re: December 15th BOH Meeting

Thank you Hillard,

We will include the Kratom discussion on the December 15th BOH meeting agenda.

If you are not going to be present at the January 5th meeting, we should probably hold off on having discussion on any of these items without the Chair present. We could put the NFG on a future meeting agenda - maybe the February 2nd meeting?

Please note that there is only one meeting in January due to the holiday on the 19th.

Thank you,
Sara

Hi Sara,

You are absolutely correct; there is a significant amount of additional information needed for further discussion of NFG.

I think the Kratom issue is another matter. It appears the majority of the BOH feels the sale of Kratom and similar chemicals needs to be controlled. I will put together a regulation draft so we can discuss and possibly vote on whether to schedule a public hearing. So, please keep the subject of Kratom on the next agenda.

It is my understanding that only Charles and I have completed our terms on the BOH. We both would like to remain on the Board. There is one Town resident who has applied for a position on the Board. Selectboard member, Joyce Flynn, will recommend two people to the Select Board which is scheduled to vote on her selection this month.

I will not be available for a possible Jan. 5th meeting. This might be of no significance if I'm not selected to continue on the Board.

Thank,
Hillard

Good afternoon Hillard,

As a follow-up to the December 1st meeting, I understand there are several items that require additional discussion and follow-up. It was recommended that Kratom and Nicotine be included as discussion items on the December 15th agenda.

I would like to request that these items be postponed to the January 5th meeting agenda to allow our office sufficient time to gather the necessary information and provide the Board with a comprehensive overview for further discussion. I am also requesting this extension because we are in the full swing of processing all Board of Health application renewals (all that currently expire 12/31/2025), and we are working to balance this workload while compiling the information needed for these agenda items.

Please let me know if this adjustment is acceptable.

Thank you,
Sara
