Hi Barry,

Now that the holidays are over, I wanted to take a moment to check in with you to see where your Board is relative to NFG.

When we met with the Board last December, they talked about wanting to hear from other subject matter experts. Let me know if you'd like any of our other NFG volunteers to present to your group – or even just attend a BOH meeting for the purpose of answering any questions they might have after hearing from Anthony Chui, Bob Collett, DJ Wilson, and myself. Any legal, health, or process/implementation questions? Any additional documentation that might be helpful?

You are no doubt aware that Amherst and Dover adopted NFG in December, bringing us to 21 municipalities and more than 600,000 Massachusetts residents covered by this important public health policy. Let us know how we can help in Yarmouth.

Best regards,
Maureen
